# THE COLLEGE CALENDAR

## SESSION 1928-1929

### First Semester:

September 10, 11, Monday and Tuesday.....	Freshman days
September 12, Wednesday, 8:00 a. m.....	Upper class registration
September 13, Thursday, 8:00 a. m.....	Classes begin
September 14, Friday.....	Y. M. C. A. and Y. W. C. A. reception
September 18, Tuesday.....	Last day for changes in students' schedules
October 8, Monday.....	Last day for withdrawal from classes
November 19, Monday.....	Mid-semester reports
November 28, Wednesday, 11:30 a. m.....	Thanksgiving recess begins
December 3, Monday, 8:00 a. m.....	Classes resume
December 20, Thursday, 6:00 p. m.....	Christmas recess begins

### 1929

January 2, Wednesday, 8:00 a. m.....	Classes resume
January 23, Wednesday.....	Semester examinations begin
January 29, Tuesday, 6:00 p. m.....	Semester ends

### Second Semester:

January 30, Wednesday, 8:00 a. m.....	Registration
January 31, Thursday, 8:00 a. m.....	Classes begin
February 6, Wednesday.....	Last day for changes in students' schedules
February 26, Tuesday.....	Last day for withdrawal from classes
March 28, Thursday, 6:00 p. m.....	Easter recess begins
April 2, Tuesday, 8:00 a. m.....	Classes resume
April 9, Tuesday.....	Mid-semester reports
June 2, Sunday, 11:00 a. m.....	Baccalaureate address
June 3, Monday, 10:00 a. m.....	Ninety-second annual commencement
June 3, Monday, 1:30 p. m.....	Semester examinations begin
June 7, Friday.....	Semester ends

### Summer Session, 1929

June 10, Monday, 8:00 a. m.....	Registration
June 11, Tuesday, 8:00 a. m.....	Classes begin

MORRIS PURDY SHAWKEY, PRESIDENT

---

## STATE BOARD OF CONTROL

CHARLESTON, WEST VIRGINIA

In the management of educational institutions the State Board of Control has the direction of the financial and business affairs.

JAMES S. LAKIN, <i>President</i> .....	Charleston, W. Va.
F. W. McCULLOUGH.....	Charleston, W. Va.
C. A. JACKSON.....	Charleston, W. Va.
ROY REGER, <i>Secretary</i> .....	Charleston, W. Va.

---

## STATE BOARD OF EDUCATION

CHARLESTON, WEST VIRGINIA

In the management of educational institutions the State Board of Education has charge of all matters purely scholastic in nature.

GEORGE M. FORD, <i>State Supt. of Schools, President</i> .....	Charleston, W. Va.
W. C. COOK.....	Welch, W. Va.
MRS. LENNA LOWE YOST.....	Huntington, W. Va.
BERNARD McCLAUGHERTY .....	Bluefield, W. Va.
WM. G. CONLEY.....	Charleston, W. Va.
J. B. McLAUGHLIN.....	Gassaway, W. Va.
JOHN H. GORBY.....	New Martinsville, W. Va.
J. F. MARSH, <i>Secretary</i> .....	Charleston, W. Va.

### SESSION 1927-1928

SHAWKEY, MORRIS PURDY, *President*

Oberlin College; Ohio Wesleyan University, A. B., A. M., Ped. D.

†BAKER, VIRGINIA, *Instructor in Literature*

University of Chicago, Ph. B.

BEETHAM, WILLIAM NELSON, *Registrar and Assistant Professor of Education*

Mount Union College, Ph. B.; Columbia University.

BERRYMAN, CHARLOTTE ELIZABETH, *Assistant Professor of Physical Education*

West Virginia University, A. B.; Teachers College, Columbia University, A. M.

BOSCH, FREDERICK WILLIAM ARCHIBALD, *Instructor in Bible*

Southwestern College of Memphis, A. B.; Union Theological Seminary, Richmond, B. D.; Louisville Theological Seminary, M. Th.; Biblical Seminary.

BOWERS, ELSWORTH VACHEL, *Associate Professor of Psychology*

Utterbein College, Ph. B.; Ohio State University, A. M.

BRAGONIER, ARTHUR TAYLOR, *Associate Professor of Physics*

West Virginia University, B. S. C. E.; University of Michigan, M. S.

BROWN, EARL FRANCIS, *Instructor in Geography*

Ohio State University, B. S.

BURGESS, FRANCES CORRIE, *Professor of Geography*

Marshall College; University of Chicago, Ph. B.; Columbia University, M. A.

CAMPBELL, CARL GRAHAM, *Professor of Chemistry; Head of Department*

University of Minnesota, A. B., A. M., M. I. P.; George Peabody College for Teachers.

CORBLY, LAWRENCE, *Professor of German*

West Virginia University, A. M., A. M.; Universities of Halle, Berlin, and Jena.

CUNDIFF, HANNAH MATHEWS, *Associate Professor of Public School Music*

Thomas Normal Training School; University of Wisconsin; Teachers College, Columbia University.

CURTIS, WALTER VERNON, *Instructor in Music*

Marshall College, A. B.

DAVIES, ELLIS RHYS, *Assistant Professor of Physical Education*

Ohio University, B. S.; Ohio State University.

- \*DAVIS, ETHEL CLAIRE, *Instructor in Piano*  
Hiram College; University of Cincinnati; Graduate Cincinnati Conservatory of Music; Chicago Musical College.
- DENOON, ANNA LAURA, *Assistant Professor of Mathematics*  
Marietta College, A. B.; Columbia University.
- DERBYSHIRE, CHARLES EDWARD, *Associate Professor of Spanish*  
Marshall College; West Virginia University, A. B.; Columbia University.
- DUBS, HOMER, *Professor of Philosophy*  
Yale University, B. A.; Columbia University, M. A.; University of Chicago, Ph. D.
- FELTON, PRUDENCE EVELYN, *Instructor in Commerce*  
Mountain State Business College; West Virginia Wesleyan College; Marshall College.
- FLOWER, RUTH MARION, *Instructor in English*  
Marshall College, A. B.; University of Michigan.
- FOX, ST. ELMO, *Instructor in Piano*  
Marshall College; Normal Course at Cornell University.
- FRANKLIN, WILLIS HAYES, *Professor of English; Head of Department*  
Allegheny College, A. B.; Harvard University, A. M.
- GILBERT, FRANK ALBERT, *Professor of Botany*  
Massachusetts Agricultural College, S. B.; Harvard University, A. M., Ph. D.
- HACKNEY, LILIAN, *Associate Professor of Mathematics; Head of Department*  
West Virginia University, A. B.; Cornell; Columbia University; University of Marburg, Germany; University of Chicago.
- HALLEY, ALBERT ROBERTS, *Professor of English Literature*  
Vanderbilt University, M. D., B. S., M. A.; Harvard University, Ph. D.; Johns Hopkins University.
- HAWLEY, ROY MCKINLEY, *Director of Athletics*  
West Virginia University, A. B.
- HAWORTH, CLARENCE EVERETT, *Professor of Literature; Vice-President*  
Colgate University, A. B., A. M.; Starling Medical College (now Ohio State University) M. D.
- HAWORTH, LOUISE FAY, *Instructor in Voice*  
Private study four years in New York with Marie Bissell, Oscar Saenger, and Isadore Luckstone.
- HAYES, AUGUSTUS, *Professor of Sociology*  
University of Illinois, B. S.; University of Wisconsin, M. S., Ph. D.
- HEDRICK, CHARLES EMBURY, *Professor of History*  
Marshall College; Lebanon University, A. B.; University of Chicago, A. M.; George Peabody College for Teachers, Ph. D.
- HOXIE, LOUISE METCALF, *Instructor in Library Science*  
Wellesley College, B. A.; Simmons College, B. S.

---

† Spring term, 1928.

\* Resigned January 5, 1928.

- H'RON, RALPH PRESTON, *Professor of Physics; Head of Department*  
Oklahoma City University, B. S.; University of Oklahoma, Ph. C., A. M.;  
University of Kansas.
- HUPPELER, VALERIA KATHRYN, *Instructor in Education*  
University of North Dakota, B. S., M. S.
- ILES, LYLIA, *Director of Dining Halls and Associate Professor of Home Economics*  
Indiana University, A. B.; Teachers College, Columbia University, A. M.
- LARGENT, ROBERT JOSEPH, *Professor of History*  
West Virginia University, A. B.; University of Chicago, A. M.; Cornell  
University; Harvard University.
- LOEB, ELAINE HENRIETTE, *Instructor in Psychology*  
Ohio State University, B. A.
- LOY, MELVIN PARSONS, *Instructor in Zoology*  
Marshall College, A. B.; West Virginia University; Ohio State University.
- LYON, HARRIET, *Assistant Professor of Education*  
Edinboro State Normal Training School, B. Ed.; Interstate School of  
Methods; University of Pennsylvania.
- LYON, THEETA SEARCY, *Assistant Professor of Home Economics*  
University of Missouri, B. S.; Teachers College, Columbia University, M. A.
- MCCLISTER, JOHN ARCHIBALD, *Professor of Political Science*  
Ohio State University, A. B., A. M.; Harvard University, A. M.
- MACGEORGE, MILDRED, *Instructor in Piano; Head of Department*  
Studied piano three years in Berlin, Germany, under Alberto Jonas, and  
harmony and counterpoint under Hugo Kaun, Walter Meyrowitz and  
Carolyn A. Alchin; University of California.
- MUDGE, GERTRUDE GATES, *Assistant Professor of Home Economics*  
Mount Holyoke College, A. B.; Teachers College, Columbia University, A. M.
- MUELLER, HARRY EDWARD, *Assistant Professor of Public School Music*  
Graduate New England Conservatory of Music; Harvard University.
- MULDOON, JOHN DEMENT, *Associate Professor of Rural Education*  
West Virginia University, A. B.
- MYERS, EMMET EDWIN, *Associate Professor of Art*  
Ohio Northern University; Mount Union College; Cincinnati Art School;  
Harvard University; New York University.
- PHELPS, EDWARD PARKHURST, *Professor of Chemistry*  
Tufts College, B. S., M. S., Harvard University, A. M.; Boston Univer-  
sity, Ph. D.
- PHILLIPS, IRVING BERRY, *Associate Professor of Commerce*  
University of Arizona, B. S.; University of Illinois, M. S.
- PITT, WILLIAM PAGE, *Instructor in Journalism*  
Muskingum College, A. B.; Ohio State University; West Virginia University.
- POTTER, DOROTHY HARRIS, *Assistant Professor of Physical Education*  
University of Kentucky, A. B.; Teachers College, Columbia University, A. M.

PRICHARD, FANNIE BELLE, *Instructor in Latin*

Vassar College, A. B.; Columbia University.

PRICHARD, LUCY ELIZABETH, *Professor of Latin*

Vassar College, A. B.; Columbia University, A. M.; University of Chicago; American Academy at Rome; American School for Classical Studies, Athens.

ROGERS, CLARA LILLIAN, *Assistant Professor of Education*

Oshkosh State Normal; University of Wisconsin, Ph. B., Ph. M.

ROUDERUSH, RUSSELL IRWIN, *Professor of Education*

Ohio State University, B. Sc., A. M.

SHOUSE, JAMES BLAINE, *Professor of Education; Head of Department*

University of South Dakota, A. B.; University of Chicago, A. M.

STEELE, MARY HELEN, *Instructor in Piano*

Smith College; Turner School of Music, Northampton.

\*STEPHENSON, HELEN WALLACE, *Instructor in Music*

Marshall College, A. B.

STEVENSON, OLLA, *Professor of French*

Northwestern University, A. B., A. M.; University of Grenoble, France, Certificate; University of Chicago; Universities of Marburg and Berlin, Germany, and Geneva, Switzerland.

STUMP, EDWIN TURNER, *Assistant Professor of Public Speaking*

Marshall College, A. B.; Miami University; Drew Theological Seminary; State University of Iowa.

TALLMAN, CHARLES CAMERON, *Coach*

West Virginia University, LL.B.; Marshall College.

TOOLE, HORACE GRESHAM, *Associate Professor of History*

DePauw University, A. B.; University of Chicago, A. M.; University of Pennsylvania.

TULLIS, FLORENCE, *Assistant Professor of English*

Ohio Wesleyan University, A. B.; University of Denver, A. M.; Harvard University.

UTTERBACK, WILLIAM IRVIN, *Professor of Zoology; Head of Department*

Wabash College, B. S.; University of Missouri, A. M.

WAYBRIGHT, ANNA, *Instructor in English*

Marshall College, A. B.; University of Michigan.

WEBER, MARJORIE JEFFERSON, *Associate Professor of Physical Education*

Goucher College, B. A.; Teachers College, Columbia University, M. A.

WEHLER, KATHERINE, *Associate Professor of English*

Hood College, B. A.; Columbia University, M. A.; Teachers' diploma from New York School of Fine and Applied Art; Johns Hopkins University.

WHEAT, HARRY GROVE, *Professor of Education*

West Virginia University, A. B.; University of Chicago, A. M.

WILSON, ISABELLA CHILTON, *Associate Professor of Home Economics;  
Head of Department*

University of Illinois, A. B.; Teachers College, Columbia University, M. A.

WOLFARD, LEE ANTHAN, *Professor of Commerce*

Valparaiso University, B. S.; University of Wyoming, B. Ped., A. B.; University of Denver, M. C. S.

WOODS, ROY CLEO, *Associate Professor of Education*

Penn College, A. B., M. S.; University of Iowa, M. A., Ph. D.

WYLIE, ROBERT MORRIS, *Associate Professor of Physical Education*

Denison University, A. B., A. M.; Johns Hopkins University, M. D.

---

### TRAINING SCHOOL

ISBELL, LILLIAN, *First Grade*

Marshall College; Teachers College, Columbia University.

AMICK, EDITH WILSON, *Second Grade*

William Woods College, A. B.; State Normal School, Warrensburg, Mo.

HIGGINS, MAUDE HOGUE, *Third Grade*

Marshall College, A. B.

TUDOR, HATTIE ELIZABETH, *Fourth Grade*

Buffalo State Normal; University of Pennsylvania.

BRILLHART, LENA PEARL, *Fifth Grade*

Shepherd College State Normal School; Columbia University; George Washington University.

CUBBEDGE, ANNIE PERKINS, *Sixth Grade*

Shorter College; Marshall College.

BRAGONIER, DOROTHY BERRY, *Junior High School*

Goucher College, A. B.; Johns Hopkins University; Columbia University.

†SMITH, MATTIE MARY, *Junior High School*

Marshall College; West Virginia University.

\*HART, INA, *Junior High School*

West Virginia University, A. B.

DOUTHAT, LYELL VERNON, *Junior High School*

Marshall College, A. B.

---

† Resigned January 31, 1928.

\* Second semester, 1927-1928.

## EXECUTIVE AND CLERICAL OFFICERS

MORRIS PURDY SHAWKEY, Ped. D.....	<i>President</i>
CLARENCE EVERETT HAWORTH, A. M.....	<i>Vice-President</i>

STANDING COMMITTEES  
1928-1929

## I. CLASS ADVISORS

SENIOR CLASS, 1929—Mr. Hedrick.

JUNIOR CLASS, 1930—Mr. Roudebush.

SOPHOMORE CLASS, 1931—Miss Tullis and Mr. Utterback.

FRESHMAN CLASS, 1932—Miss Hackney and Mr. Wolfard.

## II. GENERAL

APPOINTMENTS—Mr. Shouse, Mrs. Lyon, and Miss Prichard.

ASSEMBLY—Mr. Wolfard and Mr. Stump.

ATHLETICS—MEN—Mr. Roudebush, Mr. Hedrick, and Mr. Hawley.

ATHLETICS—WOMEN—Miss Weber.

AUDIT—Mr. Wolfard and Mr. Phillips.

CURRICULA—Mr. Largent, Mr. Shouse, Mr. Hayes, Miss Burgess, and Miss Rogers.

COLLEGE BULLETINS—Mr. Franklin, Miss Marlatt, and Miss Wehler.

COLLEGE SOCIALS—Miss Beaumont, Miss Staats, and Miss Iles.

COMMENCEMENT—The President, Mr. Roudebush, Miss Hackney, Miss Marlatt, Mr. Muldoon, Miss Cundiff, and Miss Weber.

CREDITS—Mr. Shouse, Mr. Largent, and Mr. Beetham.

EXAMINATION SCHEDULES—Mr. Wheat and Mrs. Theta S. Lyon.

LIBRARY—Dr. Haworth, Miss Wehler, Mr. Shouse, Mr. Hedrick, and Miss Hoxie.

REGISTRATION—Mr. Beetham, Mr. Shouse, and Mr. Largent.

STUDENT LOANS—The President, Mr. Hedrick, Miss Prichard, Miss Burgess, and Mr. Beetham.

SPECIAL EXAMINATIONS—Mr. Beetham and Miss DeNoon.

STUDENT ACTIVITIES—Miss Prichard, Mr. Franklin, and Miss Beaumont.

## III. EXECUTIVE

COLLEGE COUNCIL—Mr. Shouse, Mr. Largent, Dr. Haworth, Mr. Hayes, Miss Hackney, Mr. Corbly, Miss Beaumont, Mr. Dubs, Mr. Wheat, and Miss Weber.

ALUMNI EXECUTIVE COMMITTEE—H. Clay Warth, President; Mrs. D. A. Mossman, Vice-President; Frances C. Burgess, Secretary; Charles E. Derbyshire, Arthur H. Koontz, Mrs. C. O. Harrison, Isabella C. Wilson, and E. Turner Stump.

# GENERAL INFORMATION

---

All requests for information should be addressed to

The Secretary  
Marshall College  
Huntington, W. Va.

---

## HISTORY

"Marshall Academy" was established in 1837, shortly after the death of Chief Justice John Marshall, of the Supreme Court of the United States, in whose honor the school was named. It was organized as a private institution. In 1856 the work of the Academy was enlarged and reorganized, and the name changed to Marshall College.

But little information concerning the early days of the institution is now at hand. None of the records of the school during the time it was an academy are preserved. From the year 1867 to the present time, however, we have a fairly satisfactory record.

At the close of the Civil War a number of the leading citizens in the southwestern part of the new state of West Virginia succeeded in having the legislature take it over as a "State Normal School." Though "Normal" in name, it was wholly academic in organization and in fact, and such it remained, with varying fortunes, save a little teaching of pedagogy, school management, etc., until 1897, when a practice school of one grade was organized. This the State refused support; and, accordingly, it was abandoned after two years of unappreciated effort, and the school went on again wholly as an academic institution.

In January, 1902, the Department of Education was organized, and a practice school for teachers was opened. In February, 1920, by action of the State Board of Education, it became a State Teachers College, conferring its first degrees in June, 1921. In December, 1922, the scope of the work was further expanded by authorization for granting the degree of Bachelor of Arts.

Under authority of the State Board of Education a further expansion of the institution was effected in June, 1924. At that time the College of Arts and Sciences was formally organized. With the College of Arts and Sciences are affiliated the two-year course in engineering, the pre-medical and the pre-law courses.

## THE PURPOSE OF MARSHALL COLLEGE

The institution has had a lengthy career of honorable service. As an academy it took high rank. As a teacher training school its service was extended over a still larger portion of the state. Whether in its

academic or professional work, it has always maintained a high standard of social ideals, and those ideals have become crystallized in the best type of a state-wide citizenship.

The fundamental purpose of the institution is to render the best possible service to the people of the state whose creation it is. Rapidly increasing demands upon it have led to substantial expansions in the college. No influence of increasing numbers of students, added courses of study, or greater projects will be allowed to obscure the basic idea of the development of strong, clean, efficient men and women, the type of citizens who stand as a sheet anchor of orderly and beneficent government.

### COLLEGE MORALE

In college life morale is important. Listlessness and loafing are educational sins. Intense interest and hard work are essential to success. A dominant purpose tends to develop a strong personality which is itself one of the desiderata of a general education. Marshall College will do its utmost to help students find themselves, to assist them in the formation of all helpful habits, and to encourage them in their work. It does not invite the attendance of students who may come without a serious purpose.

*Parents are warned against the harmful effects of frequent home visits by students. The home visit is pleasant, but it diverts the student's attention from his work. Cutting the last class at the end of the session or entering a day late militates against the best results. A full day's work is assigned each student for every day of the session, and the student who misses a single day suffers a disadvantage.*

Social activities and diversions of all kinds should be limited during school sessions. The College makes proper provision for agreeable and wholesome social life, but it cannot tolerate the continued presence of any to whom a high life purpose and the advantages of a clean and wholesome social life do not appeal. The great majority of the students enrolling here are young men and women of clean living and high thinking, and the college is under obligation to protect them from the damaging influences of moral or intellectual laggards.

### LOCATION

The institution is located in Huntington, a city of eighty thousand population. It is easily accessible by the four trunk line railways of the state, the Ohio Valley Electric lines, the Midland Trail, and other motor roads.

Huntington is an ideal location for a college. It is a city of beautiful and hospitable homes. It is an art and civic center of note, and nowhere can a better community spirit be found. It has a large number of fine churches and fine theaters. Its numerous and varied industries also furnish abundant laboratory facilities for all social and commercial studies.

## BUILDINGS AND GROUNDS

The college is located in the heart of the city, convenient to railroad stations, the shopping district, and theater center. It has a campus of nearly thirty acres. It has five main buildings: namely, the Administration Building and Woman's Hall, Northcott Science Hall, the Physical Education Building, Music Hall, and Champ Clark Cottage. Three neat and pleasant buildings of a temporary character were erected in 1924 for the use of the training school. To these was added a Junior High School building in 1927. The Home Economics Club and four sororities also occupy houses on the campus. Other buildings are in prospect; and pending their construction, private houses are rented in order to accommodate the increasing number of students who wish to avail themselves of the facilities offered by the institution.

## GENERAL ADMISSION REQUIREMENTS

(For specific requirements see under Teachers College and under College of Arts and Sciences.)

Admission to Marshall College may be obtained in three ways: by certificate of graduation from an accredited\* secondary (high) school; by a properly certified transfer from a standard university, college, or normal school; and by examination.

*An applicant for admission by certificate must file an official statement of his credits, signed by the principal or superintendent of the school or the schools from which he comes, at least fifteen days before the date of registration. The Registrar will notify the applicant as to the acceptance of his credits. All certificates, when filed for credit, become the property of the college.*

Applications for credential blanks, and all communications in regard to admission, should be addressed to the Registrar.

Graduates of second-class high schools are allowed not more than 12 units of credit, and cannot be admitted to college until three or four additional units have been earned in a first-class high school or its equivalent.

Entrance examinations for those who cannot enter by certificate are offered at the beginning of each semester. No student is permitted to take an entrance examination in any subject for which he has college credit. All candidates for entrance examinations must notify the Registrar at least one week before the examinations are to be given.

No credit is allowed for teaching experience.

*Students entering from other colleges must meet the entrance requirements of this college, and must have certificates of honorable dismissal and official statements of credits. A student's statement of credits must show the descriptive title of each course, the year in which the work was done, the number of weeks the course was pursued, and the number*

\* Accredited schools are standard four-year high schools or preparatory schools as classified by the Department of Education of West Virginia, the state universities, or any of the regional standardizing agencies of the United States, such as the North Central Association of Colleges and Secondary Schools.

of credits allowed thereon. A transcript presented for advanced standing should come direct from the Registrar of the institution issuing it; and, when accepted, it becomes the property of the college. *Under no circumstances is credit of collegiate grade allowed for work done in a high school.*

Examinations for advanced standing must be taken within two months after the opening of the semester. Each candidate for examination must secure a permission card at the Registrar's office at least five days before the date of examination.

### ASSIGNMENT AND CREDITS

1. A student who enters at the beginning of a semester may be assigned as much as sixteen semester hours, but not more, except by special permission of his Dean.

2. If a student enters late, the maximum assignment of sixteen semester hours is reduced; and to receive credit for eighteen weeks work in any subject assigned, he must pass, satisfactorily, an examination on all the work covered by the class up to the time of his entering. In laboratory subjects all "make up" work must be done hour for hour in the laboratory.

3. *A student who leaves school without giving notice of good cause therefor is allowed no credit for work done that semester or term. If it is necessary for a student to leave school before the end of the semester or term, he should see each of his teachers about his work, make a statement of the reason for his going, and satisfy the conditions for getting credit for what has been done.*

4. A regular student at Marshall College who fails to make at least nine hours credit in any semester is not eligible for enrollment the succeeding semester.

5. Eight hours is the maximum credit allowed for work done during any school year by a teacher in service, regardless of whether the work is done by correspondence, in extension class, or in residence.

### GRADING SYSTEM

The series of grades employed for rating students' work is the following:

A—Honor grade; given for ability and performance of exceptionally high order. Among a representative group of college students work of quality A will generally be found in from 3 to 10 cases out of a hundred.

B—Excellent; given for ability and performance distinctly better than average in quality. Among a typical group of college students work of quality B will generally be found in from 15 to 20 cases out of a hundred.

C—Good; given for ability and performance of medium or average quality. Among a typical group of college students work of quality C will generally be found in from 40 to 50 cases out of a hundred.

D—Lowest passing grade; given for ability and performance of quality fair to poor. Among a typical group of college students work of quality D will generally be found in 15 to 20 cases out of a hundred.

F—Failure. Among a typical group of college students work of quality F will generally be found in 3 to 10 cases out of a hundred.

I—Incomplete; signifies that student was unable, on account of illness, or for other equally good reasons, to do some of the last exercises of the class work, and that student may be able to earn grade higher than D by completing the work of the course. I automatically changes to F if work is not completed within one semester.

W—Withdrawn from course; can be used only in case student has been officially dropped from course on notice from Dean to registrar to instructor. No such drop notice is issued for a student in school later than four weeks after enrollment.

For statistical purposes the numerical equivalents of the several grades are as follows: A, 3 points for each hour of credit; B, 2 points for each hour of credit; C, 1 point for each hour of credit; D, F, I, no points. Candidates for graduation must have at least as many points as hours to their credit.

## CLASSIFICATION OF STUDENTS

Students who have completed not less than ninety hours of college work are classified as Seniors.

Students who have completed not less than fifty-eight hours and not more than eighty-nine hours of college work are classified as Juniors.

Students who have completed not less than twenty-six hours and not more than fifty-seven hours of college work are classified as Sophomores.

Students who have completed the high school or secondary course and not more than twenty-five hours of college work are classified as Freshmen.

## DIVISIONS OF THE SCHOOL YEAR

### THE SEMESTER

The work for regular students who are in school for the full year is organized on the semester or half-year plan. The first semester opens early in September and continues eighteen weeks; the second semester opens immediately after the close of the first semester and continues eighteen weeks.

### THE SUMMER SESSION

The summer term opens on the Monday following the close of the second semester of the regular year.

Classes are not organized for fewer than ten students.

The faculty is composed of the regular teaching staff and a number of exceptional men and women secured from other colleges and universities.

Several grades in the training school and one or two rural schools are operated during the summer term in order to give Normal students and teachers the advantage of observation work and practice teaching.

## STUDENT EXPENSES

## BOARD

Young ladies who are not living at home or with relatives are required to room and board in one of the college homes. The young men secure rooms in places approved by the faculty committee. A dining room and cafeteria are available for the young men. Board and room average about \$7.00 a week.

## BOOKS

The cost of books varies from \$10.00 to \$15.00 a session.

## \*FEES

College course, a semester.....	† \$17.50
Summer term, nine weeks.....	15.00
Training School, a semester.....	10.00

Books .....	10.00
<hr/>	
Total for semester, for young women.....	\$137.50
Total for semester, for young men.....	153.50

## COST

It is the aim of the College to hold all living expenses down to the lowest reasonable minimum. Wholesome food is provided, but fancy food cannot be furnished at the prices charged. The institution buys at wholesale and manages its service carefully; but it returns to the student every cent invested in board, not even making a charge for the cost of fuel or cooking utensils. The charge for rooms is only enough to pay for heat, light, and repairs. This policy is pursued in conformity with the State's avowed purpose of providing educational facilities for all of its people as nearly free as possible.

\* Checks for fees should be made payable to "Marshall College."

† An additional fee of \$10 a semester is charged students from other States except during the *summer* term, when fees for students from all States are the same.

## RULES OF THE BOARD OF EDUCATION GOVERNING STUDENTS

1. Students are subject to the rules and regulations made by the school for their guidance and government; for any failure to comply with such regulations, a student may be punished, suspended, or expelled as provided by the board.

2. Students in attendance at any normal school may, upon request, be transferred by the president of the school at which they are enrolled to any other state school; but no student from a public or state school shall be admitted to a normal school unless he presents a recommendation for admission to said school, and also a statement of the work he has done, and his standing—all of which shall be certified by the principal of the school from which he comes.

3. No student shall be permitted to carry more than sixteen semester hours of work, at any time, except by special permission of his Dean. Two laboratory hours shall count as one semester hour.

4. Each regular student shall carry at least twelve semester hours.

5. When a student has received his assignment, he cannot change it except by permission of his Dean.

6. Minimum resident requirements for graduation: For standard normal diploma, at least one year of work, two-thirds of which must be done in actual residence. For the A. B. degree, at least one year's work in residence, one semester of which must be in the senior year. A "year in residence" must represent not less than thirty-six weeks' work in residence, with not less than 24 hours credit.

## REGULATIONS CONCERNING ROOMS AND BOARD

No student is permitted to board or room anywhere except in a place approved by the boarding committee; and should any one be found in a place not approved by the committee, he will be notified at once to move, on penalty of being dropped from school.

Young men and young women are not permitted to room in the same house.

The advice and approval of the Dean of Women must be had, also, in all matters of importance connected with the boarding and rooming of young women.

Students are not permitted to room at any place in which the proprietors are not willing to conform to rules and regulations prescribed by the College. In case the rules are not observed, students will be required to change their rooming places.

Students who do not reside at home are expected to get permission when leaving the city. This rule is made to protect the student and to make it possible to find him in case any urgent call should come for him. While this rule is not made absolute, it will be considered a breach of good faith and confidence for students not to observe it. The purpose of the rule is reasonable and should appeal to every student and parent. Girls apply to the Dean of Women for the necessary permission.

Students desiring to change their boarding places or their rooms are required to notify the Secretary and the Registrar, and to secure approval before the change is made. This is a very important requirement, and its observance must be strictly adhered to.

### STUDENT HOMES

College Hall stands on the elevated central portion of the spacious campus. It is joined to the main building on the west, a wide central hallway on the first floor extending the full length of the two sections. The residence hall contains seven suites and thirty-four rooms, accommodating one hundred thirty-five students. A sewing room and kitchenette are provided for the use of the young women. A good infirmary is maintained where students who are sick are properly cared for.

Champ Clark Cottage on Third Avenue accommodates twenty-four students.

Everett Hall on Eighteenth Street, a block and a half from the campus, offers accommodations for twenty-four young women.

Besides these halls the Sigma Sigma Sigma, the Theta Sigma Upsilon, the Theta Rho, the Delta Sigma Epsilon, the Pi Kappa Sigma, the Kappa Theta, and the Alpha Sigma Alpha sororities maintain chapter houses—under supervision of the College authorities—which accommodate about fifteen students each.

Young ladies who wish to engage rooms in any of the college halls should make application several weeks in advance of the date when they expect to enter. No rooms are considered engaged until the deposit of two dollars (see Rooms and Room Rent on page 21) has been made.

All correspondence concerning reservations for rooms for women, whether in the dormitory or in residences, should be addressed to the Dean of Women, Marshall College, Huntington, W. Va.

### GOVERNMENT IN WOMEN'S HALLS

Beyond the expectation that the life of our students shall conform to the requirements of promptness and fidelity to duty, and show that considerate regard for others which characterizes refined womanhood, we have but few fixed rules.

Our residence halls have a Student House Government Association which, with the direction of the Dean of Women and the House Directors, has the oversight of the students who reside in the halls. The Student Council of this Association enforces such regulations as are considered necessary to good order, good habits, and the best educational results for the group.

By a persistent disregard of regulations the student will forfeit her right to the privileges of the halls.

### TO PARENTS

We call special attention to the following ruling of the State Board of Education:

"It is hereby ordered that, so long as there is room for them in College Hall, all young women under 21 years of age, who are students at Marshall College, except those who room and board at home, *are required to room and take their meals in College Hall*; if under 21 years of age, and there is no space to give them room in College Hall, then they shall at least take their meals at College Hall tables so long as there is table room for them. Any exceptions to this rule can be made only with the approval of the President and the Dean of Women."

Every parent who appreciates the importance of protecting young girls away from home, in a city, will appreciate this ruling of the State Board.

*When parents or guardians send their daughters, or wards, here, they must send them subject to our government; for, while they are under our care, we must decide what is best, and not they.*

*When students desire special permission to attend a social function or to remain away from the hall over night, they shall present to the Dean of Women a written request, signed by parent or guardian. Upon receipt of this request, the Dean of Women may grant permission for the special privilege.*

*Girls who do not have rooms in the College Halls are under the same general regulations as the girls in the Halls. They must conform to general rules in force in the College Halls. When they desire to attend social functions of any kind, they must secure permission from the Dean of Women just as if they lived in a College Hall. All class parties, whether in the college parlors or elsewhere, must be under the supervision of the class advisor and have the approval of the Dean of Women.*

## CONVENIENCES

The building is heated by steam, and lighted by electricity.

Hot and cold water are furnished throughout the building.

There are street car connections with all parts of the city and with adjoining towns.

The Bell telephone system is connected with the Hall, and through this, the Western Union and Postal telegraph systems.

## ROOMS AND ROOM RENT

The rooms are furnished with single beds, mattresses, closets, dressers, chairs, table, light, and heat. The students themselves are required to furnish their own bedding (except the mattress) and towels, and are required to keep their rooms clean and in order. *Each student is required, also, to provide herself with her own hot water bottle, soap dish, spoon, two glass tumblers, a small pitcher for drinking water, and a napkin ring.*

All breakage of whatever kind, whether to furniture or equipment, is paid for by the occupants of the room in which the breakage occurs.

Room rent is \$20.00 a semester. Two dollars of this amount is pay-

able when the room is engaged, and the balance at the time of registration. The deposit of \$2.00 is forfeited if the room is not claimed.

### TABLE BOARD

Charges for table board are at the rate of \$5.00 a week:

For the entire semester in advance.....	\$90.00
Summer term, nine weeks.....	45.00

Should a student prefer to pay his board in installments, he may pay in the following manner: \$22.50 upon entrance and \$22.50 on the first of each month thereafter until the full amount of \$90.00 has been paid.

No reduction is made in table board for short absences (a few days) at the opening or close of a "semester" or "terms" or for the Thanksgiving or the Easter recess.

The cafeteria serves good food at cost prices. Some pay more, some less, than the dining room charge of \$5.00 a week.

### CORRESPONDENCE WORK

As far as her facilities permit, the College offers each year certain courses by correspondence. These are open to high school graduates who for some reason are unable to attend Marshall, or who are unable to enroll in extension classes.

Not more than eight hours of credit can be earned during a year, nor can more than two subjects be carried at one time.

The fee is \$5.00 per credit hour, payable to Marshall College. The subjects offered vary from year to year. Information will be sent upon request.

### EXTENSION CLASSES

Marshall College desires to be of service to those communities in which groups wish to organize themselves into extension classes. The number of such non-resident classes that can be conducted by College instructors is limited by the capacity of the teaching staff to carry on the work.

The minimum size of a class is placed at fifteen registrants, but the number required will depend in part upon the distance the instructor has to travel. The fee is ten dollars per two hour course. For such a course the class is required to meet for sixteen two-hour periods, usually at regular intervals of one week. Students who desire credit for the course are expected to enroll not later than the second class meeting. Outside preparation is required for extension classes just as for residence classes.

### STUDENT EMPLOYMENT

Huntington offers many opportunities for students who wish to support themselves in part during their residence in school. There are nearly always openings for those having experience in stores or offices, in caring for children, or assisting in housework. Professor Lucy E.

Prichard is chairman of the Commission on Student Employment. Applications for assistance should be addressed to the committee, in care of Miss Prichard.

### APPOINTMENT COMMITTEE

To assist superintendents throughout the state in securing teachers adapted to their needs, the work of recommendation is placed in the hands of the Appointment Committee. This committee consists of members of the faculty who are in a position to know intimately the work of each student both in Training School teaching and in classroom work. Complete records regarding previous experience of students, the grades for which they are especially prepared, photographs, and detailed statements from the instructors concerning ability and personality are kept on file in the office of the Committee. These records are sent out, upon application, to the superintendents, or can be referred to by them when they visit the College. While a personal interview with the prospective teachers at the school is to be preferred, the committee makes every effort to make discriminating selection of students for positions when so requested.

A like service is rendered for students in the College of Arts and Sciences.

### THE LIBRARY

The library contains a collection of about 20,000 books to which substantial additions are being made from time to time. Those in which readings are assigned are kept "on reserve," and their use is limited to short periods. All other books are free of access to students. This free use of its books is one of the most important services of the modern library.

In March, 1925, this library was made a government depository; and it receives, as soon as published, most of the United States documents, containing valuable reference material.

More than two hundred periodicals are received regularly, and are placed where everyone can read them. They comprise most of the current magazines of a general nature, such as the "Atlantic" and the "World's Work," and the leading technical magazines relating to various courses offered.

A juvenile library is installed in the Junior High School building, to be used by the children of the Training School and by students preparing to teach in the grades.

### FRESHMAN WEEK

Five hundred or more freshmen are now enrolled by the College each year. To afford this large group of first matriculates a better opportunity for personal counsel with teachers and deans before their decisions with reference to their work are made, Monday and Tuesday, September 10th and 11th, are set aside as a partial "Freshman Week."

Upper classmen will complete their enrollment on Wednesday, and class work will commence Thursday morning. Students are urged to be prompt and thorough in making the necessary preliminary arrangements for their work.

The women's dormitories will be open for students Sunday evening, September 9th.

#### STUDENT ORGANIZATIONS

Classical Association: One year of Latin required for membership.  
College Band.

Harlequin Club: Dramatic Society.

Home Economics Club.

Le Cercle Francais.

Marshall College Junior Chapter of the American Association of Engineers.

Men's Glee Club: Open to young men.

Mirabilia: Year Book.

Orchestra.

Spanish Club: One year of Spanish required for membership.

Treble Clef: Open to young women.

The Parthenon: College paper.

Young Men's Christian Association.

Young Women's Christian Association.

Fraternities.

Sororities.

Student Council: Organization for student government.

#### SCHOLARSHIPS AND LOANS

Marshall College deems it a privilege to be permitted to assist worthy young people in obtaining a coveted education. Through its friends the College has acquired loan funds which are available to the extent of two or three thousand dollars each year. In fact, the College stands ready to say to any earnest healthy boy or girl who has completed his high school course and has a small amount of money to start on that it can show him a way to obtain a full college education. Inquiries from this class of students are welcomed.

Applications for scholarships should be addressed to the Scholarship Committee. Scholarships are awarded primarily to students who have proved their ability in the classroom. The following scholarships are available for 1928-29:

Rotary Club Scholarship, value \$100—loan.

Northcott Scholarship, value \$75—loan.

Northcott Scholarship, value \$75—loan.

Woman's Club Loan Scholarship, value \$150—to be awarded to a student who could not otherwise attend school.

The Marshall Class of 1889 Loan Scholarship, \$100—to be awarded to a young woman who needs it.

Daughters of the American Revolution Loan Scholarship, value \$100—to be awarded to some girl who needs it.

American Association of University Women, Huntington Branch, Loan Scholarship (amount varies)—to be awarded to a young woman who could not otherwise attend college.

The Current History Club Loan Scholarship (amount varies)—to be awarded to a young woman who could not otherwise attend college.

Junior Department of the Huntington Woman's Club, Loan Scholarship, value \$100—for a young woman who needs it.

### LUCILE DRUEN MEMORIAL

In honor of their classmate, Lucile Druen, the members of the Home Economics Club of Marshall College of the year 1926 raised a fund of seven hundred twenty-five dollars. This money is to be loaned to worthy students at three per cent interest; and the income is to be used as a gift scholarship to stimulate the interest of high school students of West Virginia in home economics.

### THE D. B. SMITH MEMORIAL

In honor of her deceased husband, a loyal and devoted friend of Marshall College, Mrs. D. B. Smith, on July 23, 1925, turned over to the College the sum of one thousand dollars, to be known as the "D. B. Smith Memorial." This money is to be invested in perpetuity and the income used by the College in assisting worthy students.

### ATHLETICS

Marshall College believes in clean athletics and will not tolerate either dishonesty or professionalism in her sports program. High ideals of sportsmanship shall always be as much of a goal as high score records.

The following rules quoted from the by-laws of the West Virginia Athletic Conference constitute the minima of requirements for students representing Marshall College in inter-school athletic contests:

"Section 1. To participate in intercollegiate contests a student must be regularly enrolled in not less than twelve semester hours work or its equivalent and must be making passing grades in at least eight hours work. To be eligible any semester, he must have made passing grades in at least eight hours work his last preceding semester.

"Sec. 2. Withdrawal from the institution in the course of any semester or term for any cause shall debar from participation in intercollegiate athletics until the work of that semester or term or its equivalent shall have been successfully completed by the student so withdrawing.

"Sec. 3. To be eligible to represent an institution, a student must enroll in that school within two weeks after the beginning of the semester or term in which he plays.

"Sec. 4. No student shall represent an institution who has represented another institution offering collegiate work until he has completed a year's residence work in the new institution, except in case of graduation in any course from a junior college or normal school.

Migrants from institutions belonging to the conference shall be ineligible to participate in non-conference games. (Graduation from a short course shall not be deemed "graduation" in the application of this rule.)

"Sec. 5. No student shall play on a college team unless he has completed fifteen units of high school work, or on a junior college or normal school team unless he has completed twelve units of high school work.

"Sec. 6. No student shall play on a college team for more than four years, or for more than two years on a junior college team as a college student. This rule should not apply to a student from a junior college or normal school who enters a degree-conferring institution.

"Sec. 7. No student holding a degree from another collegiate institution shall be eligible to participate in intercollegiate contests.

"Sec. 8. A student who engages in a contest under an assumed name shall be permanently ineligible.

"Sec. 9. Any player who participates at any time with a recognized professional organization during the college year, shall be declared permanently ineligible."

#### ASSEMBLY

A general assembly of faculty and students convenes in the college auditorium each Wednesday morning at 10:00. Ten minutes of the hour are devoted to a devotional exercise, and the remainder of the period is given over to addresses, musicals, student programs, and the like. This is the one occasion that brings the whole college together. All faculty members and all students are expected to attend this meeting.

#### STUDENT GOVERNMENT

The traditions of Marshall College uphold a high standard of personal conduct to which repeating generations of students readily conform. The idea is dominant, and the authorities are rarely called upon to deal with the problems that sometimes disturb school life. More recently a system of student government has been developed, which not only affords training in the principles of citizenship but renders valuable assistance in the maintenance of right character ideals and helpful work habits. It is an atmosphere in which desirable traits develop naturally, and the undesirable find it difficult to survive.

#### PURPOSE

Teachers College is Marshall College organized for the purpose of preparing teachers. Its curricula are to be regarded as vocational in purpose. Nevertheless, these curricula, like those of the College of Arts and Sciences, consist for the most part of courses in academic subject matter; they differ from those of the College of Arts and Sciences primarily in the respect that they include professional courses for teachers, and that the selection of subject matter courses is made with a view to meeting the needs of teachers.

#### WHAT STUDENTS REGISTER IN TEACHERS COLLEGE

Those students who desire to qualify for a teacher's certificate, issued by the State Department of Education, on the basis of college credits, register as members of Teachers College.

Students registered in Teachers College pursue one of the curricula outlined in this section of the catalogue, under the general guidance of the Dean.

#### ENTRANCE REQUIREMENTS

By regulation of the State Board of Education any graduate of a first class high school in West Virginia, with credits as required in any one of the curricula provided for high schools, may enter upon a teacher training curriculum. Any student with 15 units of credit applicable upon one of the high school curricula may be admitted conditionally to teacher training work, but not more than 32 semester hours of college credit may be taken before the requirements for high school graduation have been met in full.

The following distribution of courses in high school is recommended to those high school students who are planning to become teachers:

English .....	4 units
Social Studies.....	3 units
Science .....	2 units
Mathematics .....	2 units
Languages or Vocational Subjects.....	2 units
In one of the above groups one additional unit.....	1 unit
Health and Physical Education and Fine Arts.....	2 units
<hr/>	
Total.....	16 units

In order to insure adequate preparation of teachers in certain fundamental subjects, students who are admitted to any of the curricula for elementary teachers must attain a definite standard in the following subjects: English composition and spelling, arithmetic, and penmanship. Students who fail to meet the required standards in these subjects will be required to do additional work for which no collegiate credit will be given.

Before a new student in Teachers College may have his schedule approved by the Dean at registration time, he must present to the Dean a certificate from the Registrar, showing the entrance credits that have been accepted, and the number of hours of college credit accepted from other colleges. The Registrar must have at least four weeks, after the receipt of transcripts of credit earned in other schools, in which to prepare the certificate mentioned.

The above requirement may be temporarily suspended providing the student submits to the Dean the Registrar's certificate that entrance credits have been presented, apparently in proper shape, but presented too late for proper examination. In such cases, the certificate required by the preceding paragraph must be submitted to the Dean within four weeks after the opening of the term, or the student's schedule will be subject to cancellation.

## DEGREE AND DIPLOMAS

Teachers College diplomas are of two grades, those awarded at the end of a four-year course of study, and those awarded at the end of a two-year curriculum. The diploma for the four-year course gives to its possessor the A. B. (bachelor of arts) degree. The two-year course leads to the Standard Normal diploma and certificate. These curricula are outlined on pages which follow.

The four-year curricula are sufficiently flexible to permit the student to select some particular kind of educational activity as a future career, and to prepare especially for it. At the same time, its demands are sufficiently broad to guarantee good general preparation. Early selection of a definite professional plan, and adherence to that plan, are urged upon prospective teachers.

STANDARD TWO-YEAR CURRICULA FOR ELEMENTARY  
TEACHERS

Three standard normal curricula are offered, for lower grade teachers, for upper grade teachers, and for rural teachers, respectively. Certain courses are required for all groups; these are called constants. Certain courses apply on one curriculum only; these are called differentiated courses. Certain courses are elective from a group.

## I. CONSTANTS

*First Year*

Art 100, Introduction to Art.....	2 hours
English 103, Oral and Written Composition.....	5 hours
Geography 100, Geographic Principles.....	3 hours
Music 100, Introduction to Music.....	2 hours
Physical Education 101 and 102, General Course.....	2 hours
Zoology 101, Biological Nature Study.....	3 hours
Zoology 107, General Biology.....	3 hours

*Second Year*

Education 200, Psychology of Elementary Education.....	4 hours
Geography 205, North America.....	3 hours
History 231, 232, Survey of American History.....	6 hours
Literature 203, Child Literature.....	2 hours
Literature 223, Survey of American Literature.....	3 hours
Physical Education 203 and 204, Teaching Physical Education in Elementary School.....	2 hours
Physical Education 221, Health Education.....	2 hours

## II. DIFFERENTIATED COURSES

## 1. FOR LOWER GRADE TEACHERS

*First Year*

Education 101, Introduction to Education.....	2 hours
or Education 115, Kindergarten-Primary Education.....	2 hours
or omit both and take Education 230 in second year.....	2 hours
Education 110, Teaching Reading (Grades 1-4).....	2 hours
Education 111, Teaching Language, Spelling, Writing (Grades 1-4) .....	2 hours
Education 112, Teaching Arithmetic (Grades 1-4).....	2 hours
Education 113, Teaching Geography and History (Grades 1-4) .....	2 hours

*Second Year*

Art 205, Public School Art (Grades 1-4).....	2 hours
Education 230, Tests and Measurements in Elementary School..	2 hours
or Education 101 or 115 in first year.....	2 hours
Education 232, Classroom Management in Graded Schools.....	2 hours
Education 250, Directed Teaching (Grades 1-4).....	4 hours
Music 270, Public School Music (Grades 1-4).....	2 hours

## 2. FOR UPPER GRADE TEACHERS

*First Year*

Education 101, Introduction to Education.....	2 hours
or take Education 230 in second year.....	2 hours
Education 120, Teaching Reading (Grades 5-8).....	2 hours
Education 121, Teaching Language, Spelling, Writing (Grades 5-8) .....	2 hours
Education 122, Teaching Arithmetic (Grades 5-8).....	2 hours
Education 123, Teaching Geography and History (Grades 5-8) .....	2 hours

*Second Year*

Art 206, Public School Art (Grades 5-8).....	2 hours
Education 230, Tests and Measurements in Elementary School..	2 hours
or Education 101 in first year.....	2 hours
Education 232, Classroom Management in Graded Schools.....	2 hours
Education 251, Directed Teaching (Grades 5-8).....	4 hours
Music 271, Public School Music (Grades 5-8).....	2 hours

## 3. FOR RURAL TEACHERS

*First Year*

Education 102, Introduction to Rural Education.....	2 hours
Education 125, Teaching Reading (All Grades).....	2 hours

Education 126, Teaching Language, Spelling, Writing (All Grades) .....	2 hours
Education 127, Teaching Arithmetic (All Grades).....	2 hours
Education 128, Teaching Geography and History (All Grades) .....	2 hours

#### *Second Year*

Art 209, Public School Art.....	2 hours
Education 231, Classroom Management in Rural Schools.....	2 hours
Education 250, or 251, Directed Teaching.....	4 hours
Music 270 or 271, Public School Music.....	2 hours
Sociology 225, West Virginia Rural Life Problems.....	2 hours

### III. ELECTIVES AND SUBSTITUTES

Lower grade teachers and upper grade teachers will elect six hours, and rural teachers will elect four hours, from the following list: Art 200, Biology 100, Geography 206, Geography 302, Home Economics 101, Political Science 221, Sociology 132, Sociology 225.

Substitutions for required courses may be approved by the dean only because of previous work or special ability on the part of the student.

### IV. OTHER REQUIREMENTS FOR GRADUATION

Attention is particularly called to the fact that 68 hours of credit will be required for graduation from a standard normal curriculum, commencing in 1929.

Before graduation the student must have earned as many grade points as hours of credit.

#### FOUR-YEAR CURRICULA IN ELEMENTARY EDUCATION

Three four-year curricula in elementary education are offered, preparing teachers for elementary schools, principals for elementary schools, and supervisors for rural schools, respectively.

Certain requirements are common to all three of these curricula: (1) The student must complete 64 semester hours of credit above requirements for the standard normal diploma. (2) Of the 64 hours, at least 48 must be earned in courses in 300 and 400 series; half credit only will be allowed on courses in the 100 series taken in the junior year, and on courses in the 200 series taken in the senior year; courses in the 100 series taken in senior year will give no credit toward graduation. (3) Before graduation the student must have earned as many grade points as hours of credit.

The 64 hours of work required in the last two years of each curriculum in elementary education are listed below. The requirements stated below are based on the assumption that the student has met the present requirements for graduation from standard normal curriculum; in case of teachers who met earlier standard normal requirements, the dean will make an adjustment in the requirements for the last two years of the four-year curriculum.

## I. FOUR-YEAR CURRICULUM FOR ELEMENTARY TEACHERS

Art 212, Appreciation.....	2 hours
Education, to be selected from list below.....	10 hours
Education 230, Tests and Measurements in El. School.....	2
Education 305, Educational Sociology.....	2
Education 350, Advanced Practice in El. Teaching.....	2
Education 400, Psychology of Reading.....	3
Education 401, Psychology of Number.....	3
Education 460, Philosophy of Education.....	2
Psychology 201, Mental Measurements.....	2
Psychology 303, The Mentally Deficient Child.....	2
English, Literature, and Speech.....	5 hours
Geography .....	2 hours
Music 350, Methods of Teaching Appreciation.....	2 hours
Social Studies, to be selected from list below.....	6 hours
Economics 240, Principles of Economics.....	3
Political Science 201, National Government.....	3
Sociology 201, Outlines of Sociology.....	3
Zoology 305, Human Physiology or Zoology 307, Genetics.....	3 hours
Electives .....	34 hours
<hr/>	
Total.....	64 hours

## II. FOUR-YEAR CURRICULUM FOR PRINCIPALS OF ELEMENTARY SCHOOLS

Botany or Zoology.....	2 hours
Education 331, Supervision of Instruction in El. Schools.....	2 hours
Education 332, Elementary School Administration.....	3 hours
Education courses to be selected from list below.....	5 hours
Education 230, Tests and Measurements in El. Schools.....	2
Education 305, Educational Sociology.....	2
Education 355, Directed Supervision.....	2
Education 460, Philosophy of Education.....	2
Psychology 201, Mental Measurements.....	2
Psychology 303, Mentally Deficient Child.....	2
English, Literature, and Speech.....	5 hours
Geography .....	2 hours
Social Studies, to be selected from list below.....	6 hours
Economics 240, Principles of Economics.....	3
Political Science 201, National Government.....	3
Sociology 201, Outlines of Sociology.....	3
Electives .....	39 hours
<hr/>	
Total.....	64 hours

## III. FOUR-YEAR CURRICULUM FOR RURAL SUPERVISORS

Botany or Zoology.....	2 hours
Education 321, Supervision of Instruction in Rural Schools.....	2 hours
Education 322, Administration of Rural Schools.....	3 hours
Education 324, Problems in Rural Education.....	2 hours
Education 355, Directed Supervision .....	2 hours
English, Literature, and Speech.....	5 hours
Geography .....	2 hours
Social Studies, to be selected from list below.....	6 hours
Economics 240, Principles of Economics.....	3
Political Science 201, National Government.....	3
Sociology 201, Outlines of Sociology.....	3
Electives .....	40 hours
Total.....	64 hours

## FOUR-YEAR CURRICULA FOR HIGH SCHOOL TEACHERS

## GRADUATION REQUIREMENTS\*

(1) Completion of 128 semester hours of credit above entrance requirements, to include:

Education courses, listed in (2);  
 Constant non-professional courses, listed in (3);  
 Preparation in two high school teaching fields, listed in (4);  
 Electives to make up 128 hours.

(2) The requirement in Education is as follows: a minimum of 20 hours; a maximum of 24 hours; Education courses not to be taken before junior year; to be selected from following list:

Required courses—16 hours:

Education 301, Psychology of Secondary Education: First Course .....	3 hours
Education 310, Principles of Teaching in Secondary Schools .....	3 hours
Education 320, Materials and Methods in First Teaching Field .....	2 hours
Education 340, Secondary School Organization.....	3 hours
Education 402, Psychology of Secondary Education: Second Course .....	2 hours
Education 450, Directed Teaching in First Teaching Field....	3 hours

Elective courses—4 hours, to be chosen from following:

Education 305, Educational Sociology .....	2 hours
Education 325, Materials and Methods in Second Teaching Field .....	2 hours
Education 430, Tests and Measurements in Secondary Schools .....	2 hours

\* By regulation of the State Board of Education, these requirements will be in force for High School certificates issued after January 1, 1929.

Education 455, Directed Teaching in Second Teaching Field..	2 hours
Education 460, Philosophy of Education.....	2 hours

(3) The non-professional constants (courses required of all high school teachers) are as follows:

*Freshman Year*

*Botany 103-104, or Chemistry 101-102.....	8 hours
English 103, Oral and Written English.....	5 hours
†Mathematics (if needed).....	8 hours
Physical Education 101-102.....	2 hours
Speech 101.....	3 hours

*Sophomore Year*

English 215, Exposition.....	2 hours
Literature 207-208, Survey of English Literature.....	4 hours
†Mathematics (if needed).....	4 hours
Physical Education 221, Health Education.....	2 hours
*Physics 201-202, 10 hours, or Zoology 205-206.....	8 hours
Social Science, two of three courses.....	6 hours
Economics 240, Principles of Economics.....	3
Political Science 201, National Government.....	3
Sociology 201, Outlines of Sociology.....	3

*Junior or Senior Year*

History 312-431 or History 423-424.....	6 hours
Physical Education 311-312.....	2 hours

(4) High school teachers must be prepared to teach at least two subject groups. No person can be certificated to teach one subject group or field only, or to teach a single subject, except as indicated in the following list. The subject combinations are listed on the assumption that the subject named first will be regarded as the first teaching field, although that is not obligatory; the subject matter preparation in any field is the same regardless of whether it is the first or the second teaching field of the student; however, the professional work of the student is affected by his choice of first teaching field (see Education courses listed above). Marshall College offers preparation in the following combinations: art; art and social studies; biology and mathematics; biology and social studies; commerce; commerce and social studies; English and French; English and art; English and Latin; home economics; home economics and biology; home economics and chemistry; home eco-

\* Only one year of science is required; this may be done in either first or second year.

† The student who does not present two units of mathematics for entrance must earn enough college credit in mathematics to make the equivalent of two units; one unit is equivalent to 6 hours.

‡ Fifteen hours in physical education, if properly selected, will entitle the teacher to a certificate in physical education as an additional subject in any of the recognized combinations.

nomics and art; mathematics and physical sciences; music; music and English; music and French; physical education; physical sciences and biology; social studies and English; social studies and French; social studies and Latin; social studies and mathematics; social studies and physical sciences.

(5) The constant non-professional requirements in any field will be automatically satisfied by the complete requirements for teaching in that field.

(6) Graduation may require more than 128 hours in the case of some combinations of subject groups. The student who enters with deficiency in English or mathematics may find it impossible to meet all requirements within 128 hours. Graduates of standard normal may find the same.

(7) Of the 128 hours presented for graduation at least 48 hours must be in courses in 300 and 400 series; not more than 40 hours may be from the 100 series.

(8) Before graduation the student must have earned as many grade points as hours of credit. No person will be recommended for high school certificate to teach any subject group whose scholarship in that field is below C.

(9) Half credit only will be allowed on courses in the 100 series taken in the junior year, and on courses in the 200 series taken in the senior year; courses in 100 series taken in senior year will give no credit toward graduation.

#### FOUR-YEAR CURRICULUM FOR TEACHERS OF ART

##### *First Year*

Art 100, Introduction to Art.....	2 hours
Art 101-102, Object Drawing.....	6 hours
Art 103, Color and Design.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

##### *Second Year*

Art 200-201, Constructive Design.....	6 hours
Art 202, Lettering .....	1 hour
Art 212, Art Appreciation .....	2 hours
Constants, second teaching subject, and electives to make 32 hours.	

##### *Third Year*

Art 305-306, Applied Design .....	6 hours
Art 330, Home Projects .....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

*Fourth Year*

Art 401, History of Art.....	2 hours
Art 406, Figure Drawing .....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

The minimum requirement in art is 34 hours.

## FOUR-YEAR CURRICULUM FOR TEACHERS OF BIOLOGY AND GENERAL SCIENCE

*First Year*

Botany 103, Plant Nutrition .....	4 hours
Botany 104, Systematic Botany .....	4 hours
Chemistry 101-102, General Chemistry.....	8 hours
Geography 100, Geographic Principles.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

*Botany 202, Bacteriology.....	4 hours
Physics 201, 202, 203, 204, General Physics.....	10 hours
*Zoology 201, Comparative Anatomy.....	3 hours
Zoology 205, Invertebrate Zoology.....	4 hours
Zoology 206, Vertebrate Zoology.....	4 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third and Fourth Years*

*Botany 304, Tri-State Flora .....	3 hours
Geography 310, General Geology.....	3 hours
*Zoology 305, Human Anatomy.....	3 hours
*Zoology 307, Genetics .....	3 hours
Education, constants, second teaching subject, and electives to make 64 hours.	

\* Four hours to be selected from courses so marked; 20 hours of biological science are required.

## FOUR-YEAR CURRICULUM FOR TEACHERS OF COMMERCE

(Required hours in Commerce—36)

*First Year*

Commerce 101-102, Stenography .....	6 hours
Commerce 111-112, Accounting .....	6 hours
Geography 105, Economic Geography.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

Commerce 200, Commercial Correspondence .....	2 hours
Commerce 205, Commercial Law .....	3 hours
Commerce 210, Essentials in Money, Banking, and Investments .....	2 hours
Commerce 231, Salesmanship .....	2 hours
Economics 241-242, Principles of Economics.....	6 hours
History 206, Social and Industrial History of U. S.....	3 hours
Sociology 201, Outlines of Sociology.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third Year*

Commerce 313, Mathematics of Accounting and Investments....	2 hours
Commerce 300, History of Commerce.....	2 hours
Commerce 330, Principles of Advertising.....	3 hours
Commerce 340, Principles of Marketing, or Commerce 320, Business Administration.....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

*Fourth Year*

Commerce 404, Secretarial Training.....	2 hours
Commerce 405, Office Practice.....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

## FOUR-YEAR CURRICULUM FOR TEACHERS OF ENGLISH

*First Year*

English 103, Oral and Written English.....	5 hours
Library Science 101, Library Work.....	1 hour
Speech 101, Oral Reading and Informal Speech.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

English 215, Exposition.....	2 hours
Literature 207-208, Survey of English Literature.....	4 hours
Literature 223, Survey of American Literature.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third Year*

Journalism 328, High School Journalism.....	2 hours
Literature 301, Shakespeare .....	3 hours
*Literature 305, Tennyson, or Literature 306, Browning.....	2 hours
*Literature 315, Great Essays .....	2 hours

---

Literature 316, Contemporary Literature .....	2 hours
*Literature 317, The English Novel.....	2 hours
Speech 313, Play Production .....	2 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

*Fourth Year*

English 405, Study of the English Language.....	3 hours
Literature 402, World Literature .....	3 hours
*Literature 403, Lyric Poetry .....	2 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

---

\* Two courses so marked must be taken.

## FOUR-YEAR CURRICULUM FOR TEACHERS OF FRENCH

*First Year*

Constants, second teaching subject, and electives to make 32 hours.

*Second Year*

French 223, Modern French Fiction since 1800.....	3 hours
French 224, Modern French Drama (1830-1920).....	3 hours
French 251-252, Advanced Grammar and Composition.....	4 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third Year*

French 327-328, Seventeenth Century Literature.....	6 hours
French 351-352, Phonetics and Oral French.....	5 hours
French 355, French Civilization and Culture.....	2 hours
History 312, American History .....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

*Fourth Year*

French 425-426, 18th Century Literature.....	6 hours
French 441, General Outlines of French Literature.....	2 hours
History 423-424, European History .....	6 hours
History 431, Recent American History.....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

The student must have taken at least 20 hours from the above list of French courses, in addition to two units of high school French, to be qualified for certificate to teach French. One or more additional units of French in high school will reduce the college requirements by six hours. The student who enters without French must take 32 hours of college French to qualify for certificate.

## FOUR-YEAR CURRICULUM FOR TEACHERS OF HOME ECONOMICS

*First Year*

Chemistry 101-102, General Chemistry.....	8 hours
Home Economics 104-105, Applied Design.....	4 hours
Home Economics 127, Textiles .....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

Botany 202, Bacteriology .....	3 hours
History 205-206, Social and Economic History.....	6 hours
Economics 240, Principles of Economics.....	3 hours
Home Economics 202, Food Study.....	4 hours
Home Economics 203, Economic Uses of Foods.....	4 hours
Home Economics 227, Clothing Selection.....	3 hours
Sociology 201, Outlines of Sociology.....	3 hours
Zoology 205, Invertebrate Zoology.....	4 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third and Fourth Years*

Home Economics 301, Dietetics .....	4 hours
Home Economics 303, Child Care.....	2 hours
Home Economics 329, Clothing Construction.....	4 hours
Home Economics 351, Home Planning.....	2 hours
Home Economics 354, Interior Decoration.....	2 hours
Home Economics 358, Economics of the Household.....	3 hours
Home Economics 420, Mechanics of the Household.....	3 hours
Home Economics 426, Home Management House.....	2 hours
Zoology 306, Human Physiology.....	3 hours
Education, constants, second teaching subject, and electives to make 64 hours.	

## FOUR-YEAR CURRICULUM FOR TEACHERS OF LATIN

*First Year*

Latin 203-204, Cicero and Sallust.....	6 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

History 210, Roman Civilization.....	3 hours
Latin 216, Vergil: Aeneid .....	4 hours
Latin 217, Cicero: Letters or De Amicitia.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third Year*

Latin 309, Livy: History.....	3 hours
Latin 310, Horace: Odes, or Latin 311, Augustan Poetry.....	3 hours
Latin 320, History of Latin Literature.....	2 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

*Fourth Year*

Latin 328, Prose Composition .....	2 hours
Latin 403, Plautus and Terence: Comedies.....	2 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

The student must have taken at least 20 hours from the above list of Latin courses, including Latin 328, in addition to two units of high school Latin, to be qualified for certificate to teach Latin. One or more additional units of high school Latin will reduce the college requirement by six hours. The student who enters without Latin must take 32 hours of college Latin to qualify for certificate. Latin 320 is given in English and will not apply on the Latin requirement.

## FOUR-YEAR CURRICULUM FOR TEACHERS OF MATHEMATICS

*First Year*

Mathematics 101, Business Administration and Arithmetic.....	2 hours
Mathematics 121, Solid Geometry .....	3 hours
Mathematics 126, Trigonometry .....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

Mathematics 217, College Algebra .....	3 hours
Mathematics 224, Plane Analytic Geometry.....	4 hours
Science .....	4 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third and Fourth Years*

Mathematics 315, Calculus.....	3 hours
Education, constants, second teaching subject, and electives to make 64 hours.	

Entrance requirement in mathematics:  $1\frac{1}{2}$  units algebra, 1 unit plane geometry. Students who had only 1 unit of algebra in high school must take Mathematics 120 in addition to above list. Students who have had solid geometry in high school are exempt from Mathematics 121. Sixteen hours in addition to  $2\frac{1}{2}$  units, or equivalent, are required for certificate.

The four hours of science mentioned above are additional to the eight hours of science listed as part of the constant group; in other words, the mathematics teacher must take twelve hours of science.

#### FOUR-YEAR CURRICULUM FOR TEACHERS OF PHYSICAL EDUCATION

##### *First Year*

Chemistry 101-102, General Chemistry.....	8 hours
Physical Education 101-102, General Course.....	2 hours
Constants, second teaching subject, and electives to make 32 hours.	

##### *Second Year*

*Home Economics 202, Food Study, lectures only.....	2 hours
Music, course to be provided.....	2 hours
Physical Education 201-202, Advanced Practice.....	2 hours
Physical Education 211, Construction and Care of Equipment..	1 hour
Physical Education 221, Health Education.....	2 hours
Physical Education 222, Athletic Training.....	2 hours
Physical Education 226, History of Physical Education.....	2 hours
Zoology 201, Comparative Anatomy.....	2 hours
Zoology 206, Vertebrate Zoology.....	4 hours
Constants, second teaching subject, and electives to make 32 hours.	

##### *Third Year*

*Home Economics 301, Dietetics .....	4 hours
Physical Education 301-302, Advanced Practice.....	2 hours
Physical Education 310, Organization and Administration of Physical Education.....	2 hours
Physical Education 311-312, Physical Education for Secondary Schools .....	2 hours
Physical Education 323 (Men), Major and Minor Sports.....	2 hours
Physical Education 323 (Women), Stunts, Tumbling, and Con- tests .....	2 hours
Physical Education 324, Intra-Mural Sports.....	2 hours
Zoology 305, Human Anatomy.....	3 hours
Zoology 306, Human Physiology.....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

##### *Fourth Year*

Physical Education 422, Kinesiology .....	3 hours
Physical Education 421, Medical Gymnastics.....	3 hours
Physical Education 424, Diagnosis and Anthropometry.....	2 hours
Physical Education, to be selected.....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

\* Required of women students only.

## FOUR-YEAR CURRICULUM FOR TEACHERS OF PHYSICAL SCIENCES

*First Year*

Chemistry 101-102, General Chemistry.....	8 hours
Geography 100, Geographic Principles.....	3 hours
Mathematics .....	6 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

Chemistry 203, Qualitative Analysis.....	5 hours
Physics 205, 206, 207, 208, General Physics.....	10 hours
Geography 210, General Geology.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third and Fourth Years*

Chemistry 301, Organic Chemistry.....	4 hours
Physics, to be selected.....	6 hours
Education, constants, second teaching subject, and electives to make 64 hours.	

## FOUR-YEAR CURRICULUM FOR TEACHERS OF SOCIAL STUDIES

*First Year*

*Geography 100, Geographic Principles.....	3 hours
*Geography 105, Economic Geography.....	3 hours
History 121, Ancient and Medieval Civilization.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Second Year*

Economics 241-242, Principles of Economics.....	6 hours
*Geography 205, North America.....	3 hours
History 221 and 222, Modern European History .....	6 hours
Political Science 201, National Government.....	3 hours
Political Science 202, State and Local Government.....	3 hours
Sociology 201, Outlines of Sociology.....	3 hours
Constants, second teaching subject, and electives to make 32 hours.	

*Third Year*

History 311 and 312, American History.....	6 hours
Sociology 311, Problems of Sociology.....	3 hours
Education, constants, second teaching subject, and electives to make 32 hours.	

*Fourth Year*

History 431, American History..... 3 hours  
 Education, constants, second teaching subject, and electives to  
 make 32 hours.

Further election in History, if made, should be from History 308, 309,  
 423, 424.

\* Six hours of work so marked are required.

#### FOUR-YEAR CURRICULUM FOR HIGH SCHOOL TEACHERS OF MUSIC WITH SECOND TEACHING SUBJECT

For this curriculum the minimum requirement is 136 semester hours. The work of the first two years only (numbered in the 100 and 200 series) is promised for the year 1928-29. Not all of the courses announced will give credit in other curricula. This curriculum is an exception to the 20 hour requirement in Education. Constants and second subject requirements as in other curricula for high school teachers.

I. Education Courses .....	8 hours
Education 301, Psychology of Secondary Education:	
First Course.....	3 hours
Education 310, Principles of Teaching in Sec-	
ondary Schools.....	3 hours
Education elective.....	2 hours
II. Music Education.....	13 hours
Music 340, Materials and Methods (Jr. and	
Sr. Hi.).....	2 hours
Music 350, Methods of Teaching Apprecia-	
tion .....	2 hours
Music 371-372, Materials and Methods (B.	
and O.).....	2 hours
Music 450, Directed Teaching of Music.....	3 hours
Music 470, Principles of Teaching Music.....	2 hours
Music 480, Music Supervision.....	2 hours
III. Music Courses, to be selected from following list.....	40 hours
Music 110, 112, Ear Training and Sight Sing-	
ing .....	6 hours
Music 120-121, Harmony .....	4 hours
Music 132, Appreciation .....	1 hour
Music 161-162, Band and Orchestral Instru-	
ments .....	4 hours
Music 200-201, Ear Training and Sight Sing-	
ing .....	6 hours
*Music 207, Ensemble Singing.....	2 hours
*Music 208, Ensemble Playing.....	2 hours
Music 210-211, Harmony .....	2 hours
Music 220-221, History of Music.....	6 hours

Music 234, Appreciation .....	1 hour
Music 262-263, Band and Orchestral Instru- ments .....	4 hours
Music 300-301, Analysis .....	2 hours
Music 312-313, Voice Training (class) .....	4 hours
Music 316-317, Keyboard Harmony .....	2 hours
Music 360, Musical Art .....	2 hours
Music 381-382, Counterpoint .....	2 hours
Music 400, Appreciation .....	2 hours
Music 460, Musical Art .....	2 hours
Piano 201, 202, 301, 302, 401, 402 .....	6 hours

\* Credit of  $\frac{1}{2}$  hour per semester; may be repeated to total credit of not to exceed 2 hours.

#### FOUR-YEAR CURRICULUM FOR SPECIAL TEACHERS AND SUPERVISORS OF MUSIC

For this curriculum the minimum requirement is 136 semester hours. The work of the first two years only (numbered in the 100 and 200 series) is promised for the year 1928-29. Not all of the courses announced will give credit in other curricula.

I. General Courses .....	69 hours
Education 200 .....	4 hours
Education 232 .....	2 hours
English 103 .....	5 hours
English 215 .....	2 hours
Literature 207-208 .....	4 hours
Physical Education 101-102 .....	2 hours
Physical Education 203-204 .....	2 hours
Physical Education 221 .....	2 hours
Science (see constants for high school teach- ers) .....	8 hours
Social Sciences (including history), see con- stants for high school teachers .....	12 hours
Speech 101 .....	3 hours
Electives .....	
II. Music Courses, to be selected from following list .....	50 hours
Music 110-112, Ear Training and Sight Sing- ing .....	6 hours
Music 120-121, Harmony .....	4 hours
Music 132, Appreciation .....	1 hour
Music 161-162, Band and Orchestral Instru- ments .....	4 hours
Music 200-201, Ear Training and Sight Sing- ing .....	6 hours
*Music 207, Ensemble Singing .....	2 hours
*Music 208, Ensemble Playing .....	2 hours
Music 210-211, Harmony .....	2 hours

Music 220-221, History of Music.....	6 hours
Music 234, Appreciation .....	1 hour
Music 262-263, Band and Orchestral Instru- ments .....	4 hours
Music 300-301, Analysis .....	2 hours
Music 312-313, Voice Training (class) .....	4 hours
Music 316-317, Keyboard Harmony .....	2 hours
Music 360, Musical Art .....	2 hours
Music 381-382, Counterpoint .....	2 hours
Music 400, Appreciation .....	2 hours
Music 460, Musical Art .....	2 hours
Piano 201, 202, 301, 302, 401, 402 .....	6 hours
III. Music Education Courses .....	17 hours
Music 338, Materials and Methods (Grades 1-4) .....	2 hours
Music 339, Materials and Methods (Grades 5-8) .....	2 hours
Music 340, Materials and Methods (Jr. and Sr. Hi.) .....	2 hours
Music 350, Methods of Teaching Apprecia- tion .....	2 hours
Music 371-372, Materials and Methods (B. and O.) .....	2 hours
Music 450, Directed Teaching of Music .....	3 hours
Music 470, Principles of Teaching Music .....	2 hours
Music 480, Music Supervision .....	2 hours

### TRAINING SCHOOLS

Marshall College maintains on the campus the Marshall Junior High School (seventh, eighth and ninth grades) and the Marshall Elementary School (grades one to six). Each grade of the elementary school is in charge of a critic teacher. The junior high school is conducted on the departmental plan.

The training schools serve the purpose of a laboratory for the Department of Education. Observation and practice teaching are done in the training schools under the direction of the supervisors and critic teachers. To supplement these facilities, arrangements have been made for high school observation and practice teaching in the Huntington city schools.

\* Credit of  $\frac{1}{2}$  hour per semester; may be repeated to total credit of not to exceed 2 hours.

ROBERT JOSEPH LARGENT, A. B., A. M. .... *Dean*

---

FREDERICK WILLIAM ARCHIBALD BOSCH, A. B., B. D., M. Th., *Instructor in Bible*

ELSWORTH VACHEL BOWERS, Ph. B., A. M., *Associate Professor of Psychology*

ARTHUR TAYLOR BRAGONIER, B. S. C. E., M. S., *Associate Professor of Physics*

EARL FRANCIS BROWN, B. S., *Instructor in Geography*

FRANCES CORRIE BURGESS, Ph. B., A. M., *Professor of Geography*

CARL GRAHAM CAMPBELL, A. B., A. M., M. I. P., *Professor of Chemistry*

LAWRENCE CORBLY, A. B., A. M., *Professor of German*

ANNA LAURA DENOON, A. B., *Assistant Professor of Mathematics*

CHARLES EDWARD DERBYSHIRE, A. B., *Associate Professor of Spanish*

HOMER DUBS, B. A., M. A., Ph. D., *Professor of Philosophy*

RUTH MARION FLOWER, A. B., *Instructor in English*

WILLIS HAYES FRANKLIN, A. B., A. M., *Professor of English*

FRANK ALBERT GILBERT, A. B., A. M., Ph. D., *Professor of Botany*

LILIAN HACKNEY, A. B., *Associate Professor of Mathematics*

ALBERT ROBERTS HALLEY, M. D., B. S., M. A., Ph. D., *Professor of English Literature*

CLARENCE EVERETT HAWORTH, A. B., A. M., M. D., *Professor of English Literature*

AUGUSTUS HAYES, B. S., M. S., Ph. D., *Professor of Sociology*

CHARLES EMBURY HEDRICK, A. B., A. M., Ph. D., *Professor of History*

RALPH PRESTON H'RON, B. S., Ph. C., A. M., *Professor of Physics*

ROBERT JOSEPH LARGENT, A. B., A. M., *Professor of History*

ELAINE HENRIETTE LOEB, B. A., *Instructor in Psychology*

JOHN ARCHIBALD MCCLISTER, A. B., A. M., *Professor of Political Science*

EMMET EDWIN MYERS, *Associate Professor of Art*

EDWARD PARKHURST PHELPS, B. S., M. S., A. M., Ph. D., *Professor of Chemistry*

IRVING BERRY PHILLIPS, B. S., M. S., *Associate Professor of Commerce*

WILLIAM PAGE PITT, A. B., *Instructor in Journalism*

FANNIE BELLE PRICHARD, A. B., *Instructor in Latin*

LUCY ELIZABETH PRICHARD, A. B., A. M., *Professor of Latin*

OLLA STEVENSON, A. B., A. M., *Professor of French*

EDWIN TURNER STUMP, A. B., *Assistant Professor of Speech*

HORACE GRESHAM TOOLE, A. M., A. M., *Associate Professor of History*

FLORENCE TULLIS, A. B., A. M., *Assistant Professor of English*

WILLIAM IRVIN UTTERBACK, B. S., A. M., *Professor of Zoology.*

ANNA WAYBRIGHT, A. B., *Instructor in English*

KATHERINE WEHLER, A. B., A. M., *Associate Professor of English*

LEE ANTHAN WOLFARD, B. S., B. Ped., A. B., M. S. C., *Professor of Commerce*

### REQUIREMENTS FOR ADMISSION

Sixteen units† of high school work are required for entrance. Students will be admitted on presentation of fifteen units of credit, the remaining unit to be made up within one calendar year from date of admission.

The following groups are required:

- (1) Four units of English.
- (2) Three units in a second field.
- (3) Two units in a third field.
- (4) Two units in a fourth field.
- (5) One unit in American history.
- (6) One unit in mathematics.
- (7) Remaining units elective.

Note: This should include two units in a foreign language. A student entering without a foreign language must take eight hours as elective above the minimum requirement of twelve hours.

Students offering only 3 units of English for entrance may remove this deficiency by taking, without college credit, 6 hours of college English in addition to the required 10 hours of English and Literature, or by taking the work in a first-class high school. Students taking high school work cannot carry a full assignment of college work.

† A secondary unit is the equivalent of nine months' (two semesters) work in any subject of recognized standard educational value, recitations not less than five times a week and not less than fifty minutes in length.

### ORGANIZATION

#### *Departments Arranged in Groups*

The various departments of the College of Arts and Sciences are divided into three groups:

Group A: Language and Literature.

English, Latin, French, Spanish, German, Greek, Art, and Speech.

Group B: Natural Science.

Botany, Zoology, Chemistry, Physics, Geography, Mathematics, and Home Economics.

Group C: Social Science.

History, Political Science, Economics, Sociology, Commerce, Psychology, Philosophy, and Journalism.

Through the requirement of a minimum number of hours from each group it is hoped that over-specialization will be avoided, while through the requirement of a maximum number of hours in a particular group an opportunity is afforded for intensive study in closely related subjects.

## THE BACCALAUREATE DEGREE

The degree of Bachelor of Arts (A. B.) is conferred by Marshall College upon students who have completed a four-year course (128 hours) in the College of Arts and Sciences. The term "hour" is used conventionally to signify one recitation a week throughout the semester of eighteen weeks, or an equivalent of that. A lecture or recitation is regularly fifty-five minutes in length, and the outside work of the student is estimated at an average of two hours for each class recitation. In laboratory work each exercise is approximately two hours in length, with outside study to make it as nearly as possible equivalent in its demands to the conventional "hour" defined above.

## MINIMA GROUP REQUIREMENTS

## Group A: Language and Literature.

1. Six hours must be earned in English 101 and 102 (Freshman English Composition).
2. Four hours must be earned in Literature 101 and 102 (Age of Elizabeth and age of Wordsworth).
3. Twenty hours must be earned in foreign languages, unless the candidate has offered two units for admission, in which case twelve hours are required. The twenty hours may be taken in one language or be divided between two. Less than a year's work in a foreign language may not be offered for graduation.

## Group B: Natural Sciences.

1. Six hours must be earned in Botany or Zoology.
2. Twelve hours must be earned in the non-biological sciences (Chemistry, Physics, Mathematics, Geography, and Home Economics).

## Group C: Social Science.

Twelve hours must be earned in History, Economics, Political Science, and Sociology.

## OTHER REQUIREMENTS

Of the 128 hours required for the degree, at least forty-eight must be offered from some one of the groups given above, and at least twenty-four from a second group. In no one of the groups may more than seventy-two hours be credited toward the degree.

At least forty-eight of the 128 hours required for the degree must be earned in courses numbered from 300 to 499.

Two hours in Physical Education are required of all freshmen.

Not more than eight hours of Education may be elected from the Teachers College (credited under Group C).

## PRE-MEDICAL CURRICULUM

## FIRST YEAR

<i>First Semester</i>	<i>Second Semester</i>
Chemistry 101 or 201.....4	Chemistry 102 or 202.....4
English 101.....3	English 102.....3
Foreign Language.....4	Literature 101.....2
Physical Education.....1	Foreign Language.....4
Elective .....4	Physical Education.....1
	Elective .....2

## SECOND YEAR

<i>First Semester</i>	<i>Second Semester</i>
Chemistry 301 .....4	Chemistry 302 .....4
Physics 201 .....3	Physics 203.....3
Physics 202 .....2	Physics 204 .....2
Zoology 205 .....4	Zoology 206 .....4
Foreign Languages .....4	Foreign Languages .....4

The above mentioned courses meet the requirements of the American Medical Association on whose accredited list we now stand. Candidates for admission to this first year of pre-medical work must present a certificate of graduation from an accredited high school covering work equivalent to 16 units. This secondary work should include two units of Latin, two units of mathematics, and one unit each of physics, chemistry, and biology.

A certificate is awarded upon completion of sixty-four hours of work included in the above curriculum in order to meet the requirements of sixty hours as a minimum for admission to most medical colleges. It is highly desirable that freshmen indicate the medical college they intend to enter, since colleges vary somewhat in certain requirements.

The following electives, strongly urged by the Council on Medical Education, are offered for those who can carry extra credits, or for those who would wisely spend *three years* in preparation to meet the exactions of the best medical colleges: Chemistry 305, 401; Psychology 101, 304; Botany 202, 303; Zoology 201, 300, 301, 306, 307; Physics 300, 301, 302, 303.

We are also able to present courses to meet the requirements according to the recent ruling of the Dental Educational Council of America calling for six semester hours in each of the following: English, biology, physics, inorganic chemistry, and three semester hours of organic chemistry, and electives to make a total of sixty hours as preparatory for *three years* in any leading school of dentistry.

## ENGINEERING CURRICULUM

## FIRST YEAR

*First Semester*

Mathematics 126 and 127.....	6
Art 110 .....	2
English 101 .....	3
Chemistry 201 .....	4
Physical Education 101.....	1

*Second Semester*

Mathematics 201 and 224.....	7
Art 111 .....	2
English 102 .....	3
Chemistry 202 .....	4
Physical Education 102.....	1

## SECOND YEAR

*First Semester*

Mathematics 315 .....	3
Art 208 .....	3
Physics 205 and 206.....	5
Electives .....	6

*Second Semester*

Mathematics 316 .....	3
Physics 207 and 208.....	5
Physics 306 .....	3
Electives .....	6

Candidates for admission to this department must present a certificate of graduation from an accredited high school, with 16 units of credit. This work must include Algebra 1½ units, Plane Geometry 1 unit, Solid Geometry ½ unit, and it should include 1 unit of Physics and 2 units of one foreign language. High school students looking toward this profession are also advised to present credit for trigonometry, mechanical drawing, and shop work. Deficiencies in algebra and solid geometry may be made up in college. Students offering less than 1½ units of algebra must make up the shortage before entering the class in college algebra (Mathematics 127). When credit in solid geometry is not offered, it must be made up before the beginning of the second year. The department endeavors to make such reasonable adjustments as may be necessary to meet individual needs. See Requirements for admission on page .....

A certificate (not a degree) is given on the completion of the two years of engineering work.

## ELECTIVES

If the student expects to complete a course in one of the branches of engineering indicated below, he must choose electives from those listed under that head.

Civil: Mathematics 202; Art 207; Geology 210; Economics 241, 242; Commerce 206, 207, 210, 320.

Mechanical: Economics 241, 242; Commerce 206, 207, 210, 320; Physics 300, 301, 302, 303.

Electrical: Economics 241, 242; Commerce 206, 207, 210, 320; Physics 300, 301, 302, 303.

Mining: Mathematics 202; Art 207; Geology 210; Chemistry 203, 204; Physics 300, 301, 302, 303; Economics 241, 242; Commerce 206, 207, 210, 320.

Chemical: Chemistry 203, 204, 301, 302, 401, 402; Physics 300, 301, 302, 303; Economics 241, 242; Commerce 206, 207, 210, 320.

Those students who expect to complete a course in Metallurgical, Ceramic, Architectural, Sanitary and Municipal, Aeronautical or Geological Engineering, or a course in Engineering Physics, must consult the instructors in the department concerning the choice of their electives.

The following electives are available for those students who are candidates for both the engineering certificate and the A. B. degree: Mathematics 431, 435; Physics 250, 251, 209, 210, 211, 212, 304, 305.

INSTRUCTORS IN THE DEPARTMENT RECOMMEND THAT THESE STUDENTS ARRANGE THEIR SCHEDULES TO INCLUDE PHYSICS 250 AND 251 (ENGINEERING PROBLEMS), AND PHYSICS 209 AND 210 (MECHANICS LECTURES AND MECHANICS LABORATORY), BEFORE ENROLLING IN PHYSICS 306 (STATICS).

### PRE-LAW CURRICULUM

#### FIRST YEAR

<i>First Semester</i>		<i>Second Semester</i>	
Economics 241.....	3	Economics 242 .....	3
Political Science 101.....	2	Political Science 102.....	2
English 101 .....	3	English 102 .....	3
Language .....	4	Language .....	4
History 105 .....	3	History 106 .....	3
Physical Education .....	1	Physical Education .....	1

#### SECOND YEAR

<i>First Semester</i>		<i>Second Semester</i>	
Political Science .....	6	Political Science .....	6
History .....	3	History .....	3
Literature .....	2	Literature .....	2
Elective .....	5	Elective .....	5

This department is open to all students who have met the regular college entrance requirements. It is strongly recommended that the 16 units prescribed for entrance include 2 units of Latin and 2 units in social sciences, in addition to the required American history.

The special curriculum prescribed and advised for the pre-law student has two purposes in view:

The first purpose is to meet the entrance requirements of any of the standard law schools, and with additional courses given in the junior and senior years, to meet the four-year requirements of other law schools.

The second purpose is to give the student the most necessary preliminary knowledge of new words and phrases, of old terms with prescribed and limited meaning, and of such new methods of study as will enable him to undertake the technical study of the law with a greater degree of intelligence and understanding.

The department also aims to give the student a foundation for a broad cultural background for his study and a thorough introduction to the current problems of the law as a social institution. To meet this purpose carefully selected courses in history, sociology, psychology, political science, and economics are either prescribed or advised.

## ART

100. Introduction to Art. Two hours.  
Prerequisite: None.

101. Object Drawing. Three hours.  
Prerequisite: Art 100.

102. Object Drawing. Three hours.  
Prerequisite: Art 101.

103. Theory of Color and Design. Three hours.  
Prerequisite: Art 102.

104. Mechanical Drawing. Two hours.  
Two three-hour periods weekly.

105. Mechanical Drawing. Two hours.  
Prerequisite: Art 104.

106. Constructive Design. Three hours.  
Prerequisite: Art 105.

107. Constructive Design. Three hours.  
Prerequisite: Art 106.

108. Art History. One hour.

### COURSES OF INSTRUCTION

Courses intended primarily for freshmen are numbered from 100 to 199; such courses are open to sophomores unless departmental description of any course expressly excludes sophomores; not open to juniors and seniors. Courses intended primarily for sophomores are numbered from 200 to 299; such courses are open to freshmen and juniors unless departmental description of any course expressly excludes freshmen or juniors; not open to seniors. Courses intended primarily for juniors and seniors are numbered from 300 to 399; such courses are open to sophomores unless departmental description of any course expressly excludes sophomores; not open to freshmen. Courses intended primarily for seniors are numbered from 400 to 499; such courses are not open to freshmen, sophomores, or juniors. Exceptions to the statement that a course is "not open" to certain students may be made by the dean, after authorization by head of the department concerned when, in the dean's judgment, admission to the course is of vital importance to the student's general plan.

#### ART

100. Introduction to Art. Two hours.  
Foundation for all Art courses.

101. Object Drawing. Three hours.  
Elements of freehand drawing.  
Prerequisite: Art 100.

102. Object Drawing. Three hours.  
Prerequisite: Art 101.

103. Theory of Color and Design. Three hours.  
Prerequisite: Art 102.

110. Mechanical Drawing. Two hours.  
Two three-hour periods weekly.

111. Mechanical Drawing. Two hours.  
Prerequisite: Art 110.

200. Constructive Design. Three hours.  
Prerequisite: Art 103.

201. Constructive Design. Three hours.  
Prerequisite: Art 200.

202. Lettering. One hour.

205. Public School Art (Grades 1-4). Two hours.  
Prerequisite: Art 100.
206. Public School Art (Grades 5-8). Two hours.  
Prerequisite: Art 100.
207. Structural Drafting. Two hours.  
For civil and mining engineers.
208. Descriptive Geometry. Three hours.  
Prerequisites: Art 110 and Mathematics 121.
209. Public School Art (Rural). Two hours.  
Prerequisite: Art 100.
212. Art Appreciation. Two hours.  
Prerequisite: Art 103.
305. Applied Design. Three hours.  
Prerequisite: Art 201.
306. Applied Design. Three hours.  
Prerequisite: Art 305.
314. Design: Home Decoration. Four hours.  
Prerequisite: Art 306.
315. Design: Civic Art. Four hours.  
Prerequisite: Art 314.
330. Home Projects. Three hours.
350. Design: Water Color Painting. Three hours.  
Prerequisite: Art 103.
351. Design: Water Color Painting. Three hours.  
Still Life and Landscape.  
Prerequisite: Art 103.
401. History of Art. Two hours.
406. Figure Drawing. Three hours.  
Prerequisite: Art 306.
455. Design: Oil Painting. Three hours.  
Prerequisite: Art 306.
456. Design: Oil Painting. Three hours.  
Figure and Landscape.  
Prerequisite: Art 455.

## BIBLE

**210. A Survey of the Old Testament. Two hours.**

This course gives a general working knowledge of the contents of the Old Testament.

**211. The Life of Jesus. Two hours.**

In this course the emphasis is laid on the facts of the life of Jesus. The incidents of the four gospels are compared, harmonized, and chronologically arranged.

**212. The Life of Jesus (according to John). Two hours.**

This is an intensive study of the Gospel of John, with emphasis on the character of Jesus. The Epistles of John and the Revelation will also be briefly examined for the light they throw on the character of Jesus.

**214. A Survey of the New Testament. Two hours.**

This course is similar in purpose to course 210.

**310. The Kings and Prophets of Israel. Two hours.**

The aim of the course is to discover what the principal kings and outstanding prophets of the Hebrews contributed to their civil and religious life.

**312. The History and Literature of the Apostolic Church. Two hours.**

The origin and development of the early church is studied in the light of the Book of Acts and the Epistles of Paul.

**314. The History of the Church. Two hours.**

A survey of church history from the Apostolic age down to the present times.

## BOTANY

**103. General Botany. Four hours.**

This course is designed to acquaint the student with the plant as a living organism and with the structures and functions of its several organs. It also includes a general survey of the plant kingdom.

**104. An Introduction to Systematic Botany. Four hours.**

This course gives a general acquaintance with the lower plants and is a useful foundation for students who intend to take up biology or medicine.

**202. General Bacteriology. Four hours.**

A general study of the bacteria, yeasts and moulds, intended to meet the needs for subsequent studies in domestic science, sanitation, and medicine.

**206. Nature Study. Two hours.**

Deals with living plants and animals in relation to their organic and inorganic surroundings. For students who wish to obtain a comprehensive view of biology.

**303. Mycology and Plant Pathology. Three hours.**

A systematic study of the fungi, together with a consideration of the diseases caused by them. Field trips are planned for the first part of the semester. Open to those who have taken Botany 104, and to others with the permission of the instructor.

**304. Plant Taxonomy. Three hours.**

The identification and classification of the flowering plants and ferns of the tri-state region. Each student will prepare a small herbarium, and field trips will be planned to introduce the student to methods of field work.

**CHEMISTRY****101 and 102. General Chemistry. Four hours, two semesters.**

Prerequisite: Algebra.

**103. General Chemistry. Five hours.**

Covers the theory of general chemistry, the non-metals, and methods of detection of acid-forming radicals. Designed for students in medicine.

Prerequisite: Algebra.

**104. Elementary Analytical Chemistry. Five hours.**

Covers the simpler principles of qualitative and quantitative analysis, practice in balancing of reactions, and stoichiometry.

Prerequisite: Chemistry 103 or Chemistry 201.

**201. Advanced General Chemistry. Four hours.**

Covers fully the theory of general chemistry and the non-metals.

Prerequisites: Algebra and high school Chemistry.

**202. Advanced General Chemistry and Qualitative Analysis. Four hours.**

Covers the metals, the theory of analysis, oxidation and reduction reactions, and ionization. Knowns and unknowns. Normal and standard solutions.

Prerequisite: Chemistry 201.

**203. Qualitative Analysis. Five hours.**

Prerequisite: Chemistry 102.

**204. Quantitative Analysis. Five hours.**

Volumetric and gravimetric analysis. The class room work includes chemical calculations. This course familiarizes the student with typical

analyses and lays the foundation for all further analytical work. Special emphasis is placed on applications to industrial science.

Prerequisite: Chemistry 203.

**301. Organic Chemistry. Four hours.**

Covers the paraffin series and derivatives.

Prerequisite: Chemistry 203.

**302. Organic Chemistry. Four hours.**

Covers the unsaturated carbon compounds and the benzene series, and their derivatives.

Prerequisite: Chemistry 301.

**303. Advanced Quantitative Analysis. Four hours.**

Complete analysis of limestone, gypsum and other mineral products, clays and soils.

Prerequisite: Chemistry 204.

**304. Advanced Quantitative Analysis. Four hours.**

Analysis of foods, drugs, coal, iron and steel, waters, etc. Credit will be given more than once if work is not duplicated.

Prerequisite: Chemistry 204.

**305. Physiological Chemistry. Five hours.**

A practical course for domestic science and medical students, and those who contemplate becoming trained nurses. The subject of essential foods and dietetics, digestion and metabolism, the blood, and the urine are studied.

Prerequisite: Chemistry 301.

**307. Elementary Physical Chemistry. Four hours.**

Biological and medical bearings of physical chemistry for students in medicine, pharmacy, home economics, etc.

Prerequisites: Physics, Analytical and Organic Chemistry.

**310. Pandemic Chemistry. Four hours.**

This course covers the salient features of the various branches of chemistry. It is designed for those who want to obtain a bird's-eye view of chemistry and know its importance to everyday life.

**401. Physical Chemistry. Five hours.**

This course deals with such topics as the gas laws, kinetic theory, phase rule, theory of electrolytic dissociation, etc. The laboratory work embraces molecular weight determinations by vapor density, freezing, and boiling point methods, study of solutions, solubility, conductivity, etc.

Prerequisites: Physics 207 and 208, Chemistry 204 and 302, Mathematics 127 or 223.

**402. Electro-Chemistry. Five hours.**

Special attention is given to the applications of electricity in the metallurgical and chemical manufacturing industries.

Prerequisites: Physics 300 and 301, Chemistry 401, Mathematics 224.

**403. Problems in High School Science. Two hours.**

A practical symposium dealing with the problems that confront teachers of junior and senior high school science courses. Demonstrations of typical laboratory exercises accompany lectures and discussions.

**COMMERCE****101. Principles of Shorthand. (Gregg). Three hours.**

Three hours a week required at the typewriter.

**102. Dictation. Three hours.**

Three hours a week required in typewriting laboratory.

Prerequisites: Commerce 101 or its equivalent.

**111. Principles of Accounting. Three hours.****112. Principles of Accounting. Three hours.**

A continuation of 111.

Prerequisite: Commerce 111.

**120. Introduction to Business. Two hours.**

Required of all students with major in business.

**200. Commercial Correspondence. Two hours.****205. Commercial Law. Three hours.****210. Essentials in Money, Banking and Investments. Two hours.****214. Newspaper Accounting. Three hours.****231. Salesmanship. Two hours.****233. Newspaper Advertising. Three hours.****300. History of Commerce. Two hours.****309. Credits and Collections. Three hours.****310. Banking Theory. Three hours.**

Prerequisite: Commerce 210, and preferably Commerce 120 and 205.

**311. Accounting Theory and Practice. Three hours.**

Prerequisite: Commerce 111 and 112, and preferably Commerce 313.

312. Accounting Theory and Practice. Three hours.  
Prerequisite: Commerce 111, 112, and 311; also preferred, Commerce 313.
313. Mathematics of Accounting and Investment. Three hours.  
Prerequisite: Commerce 111 and 112, and Mathematics 120 or its equivalent.
320. Business Administration. Three hours.  
Prerequisite: Student must be at least of junior rank.
330. Principles of Advertising. Three hours.  
Prerequisite: Commerce 231, and 233 is also preferred.
334. Investments. Three hours.  
Prerequisites: Commerce 210, 205, 111, 112, and 313.
340. Principles of Marketing. Three hours.  
Prerequisites: Commerce 200, 210, and 231.
342. Market Analysis. Three hours.  
Prerequisites: Commerce 200, 210, 231, and 340.  
Omitted in 1928-29.
400. Corporation Finance. Three hours.  
Prerequisites: Commerce 205, 210, 111, 112, 313, and preferably Commerce 311 and 312.
404. Secretarial Training. Two hours.  
Prerequisite: Commerce 101 and 102; also preferably, 200.
405. Office Practice. Three hours.  
Prerequisite: Commerce 101, 102, 200, and 404.
411. Auditing. Three hours.  
Prerequisite: Commerce 111, 112, 120, 205, 210, and 313.
412. Income Tax. Two hours.  
Prerequisites: Same as for 411, including 411.
413. C. P. A. Problems. Two hours.  
Prerequisites: Commerce 111, 112, 120, 205, 210, 310, 311, 312, and 313.  
Omitted in 1928-29.

#### ECONOMICS

240. Principles of Economics. Three hours.  
Abbreviated content of Economics 241-242.  
Designed for students in Teachers College only.

241. Principles of Economics. Three hours.  
Introductory course in the fundamentals of modern economic life.

242. Principles of Economics. Three hours.  
Continuation of 241.

310. Banking Theory. Three hours.  
See Commerce 310.

## EDUCATION

101. Introduction to Education. Two hours.  
Optional course in standard normal for graded school teachers. Each semester.

102. Introduction to Rural Education. Two hours.  
Required in standard normal for rural teachers. Each semester and summer.

110. Teaching of Reading (Grades 1-4). Two hours.  
Required in standard normal for primary teachers. Each semester and summer.

111. Teaching of Language (Grades 1-4). Two hours.  
Required in standard normal for primary teachers. Each semester and summer.

112. Teaching of Arithmetic (Grades 1-4). Two hours.  
Required in standard normal for primary teachers. Each semester and summer.

113. Teaching of Geography and History (Grades 1-4). Two hours.  
Required in standard normal for primary teachers. Each semester and summer.

115. Kindergarten-Primary Education. Two hours.  
First grade teachers only. Optional course in standard normal for primary teachers. Each semester.

120. Teaching of Reading (Grades 5-8). Two hours.  
Required in standard normal for upper grade teachers. Each semester and summer.

121. Teaching of Language (Grades 5-8). Two hours.  
Required in standard normal for upper grade teachers. Each semester and summer.

122. Teaching of Arithmetic (Grades 5-8). Two hours.  
Required in standard normal for upper grade teachers. Each semester and summer.

123. Teaching of Geography and History (Grades 5-8). Two hours.  
Required in standard normal for upper grade teachers. Each semester and summer.

125. Teaching of Reading (Rural Schools). Two hours.  
Required in standard normal for rural teachers. Each semester and summer.

126. Teaching of Language (Rural Schools). Two hours.  
Required in standard normal for rural teachers. Each semester and summer.

127. Teaching of Arithmetic (Rural Schools). Two hours.  
Required in standard normal for rural teachers. Each semester and summer.

128. Teaching of Geography and History (Rural Schools). Two hours.  
Required in standard normal for rural teachers. Each semester and summer.

200. Psychology of Elementary Education. Four hours.  
Required in standard normal. Not open to freshmen. Each semester; given for three hours' credit in summer.

230. Tests and Measurements in Elementary School. Two hours.  
Optional course in standard normal for graded school teachers. Not open to freshmen. First semester.

231. Rural School Management. Two hours.  
Required in standard normal for rural teachers. Each semester and summer. Not open to freshmen.

232. Classroom Management. Two hours.  
Required in standard normal for teachers in graded schools. Not open to freshmen. Each semester and summer.

250. Directed Teaching (Grades 1-4). Four hours.  
Required in standard normal for primary teachers. Must be preceded by Ed. 110, 111, 112, 113. Each semester; given for three hours' credit in summer.

251. Directed Teaching (Grades 5-8). Four hours.  
Required in standard normal for upper grade teachers. Must be preceded by Ed. 120, 122, 123. Each semester; given for three hours' credit in summer.

301. Psychology of Secondary Education. First Course. Three hours.  
Required course for high school teachers. Not open to sophomores. Each semester and summer.

**305. Educational Sociology. Two hours.**

Elective course. Juniors only; not open to students who have taken other courses in Education. First semester.

**310. Principles of Teaching in Secondary Schools. Three hours.**

Lectures and observation. Required course for high school teachers. Must precede Education 450. Prerequisite: 80 hours credit, including Education 301. Each semester and summer.

**320. Materials and Methods in First Teaching Field. Two hours.**

Required course for high school teachers. Must precede Education 450. Not open to sophomores.

Art—second semester; not given 1929-30.

Biological Sciences—second semester.

Commerce—second semester.

English—second semester.

French—second semester 1929-30; not given 1928-29.

Home Economics—first semester.

Latin—second semester.

Mathematics—second semester; not given 1929-30.

Physical Education—second semester.

Physical Sciences—second semester.

Social Studies—second semester.

**321. Supervision of Instruction in Rural Schools. Two hours.**

Juniors and seniors preparing to be rural supervisors. First semester.

**322. Administration of Rural Schools. Three hours.**

Juniors and seniors preparing to be rural supervisors. Second semester.

**324. Problems in Rural Education. Two hours.**

Juniors and seniors preparing to be rural supervisors.

**325. Materials and Methods in Second Teaching Field. Two hours.**

Elective course for high school teachers. Not open to sophomores. See Education 320.

**331. Supervision of Instruction in Elementary Schools. Two hours.**

Juniors and seniors preparing to be elementary school principals. First semester.

**332. Elementary School Administration. Three hours.**

Juniors and seniors preparing to be elementary school principals. Second semester.

**340. Secondary School Organization. Three hours.**

Required course. Must precede or accompany Education 450. Prerequisite: 80 hours credit. Each semester and summer.

350. Advanced Practice in Elementary Teaching. Two hours.  
Juniors and seniors preparing for elementary teachers. Either semester.

355. Directed Supervision. Two hours.  
Juniors and seniors preparing to be elementary principals or supervisors. First semester.

400. Psychology of Reading and Language. Three hours.  
Juniors and seniors preparing to be elementary teachers. First semester.

401. Psychology of Number. Three hours.  
Juniors and seniors preparing to be elementary teachers. Second semester.

402. Psychology of Secondary Education: Second Course.  
Psychology of the secondary school subjects. Required course. Seniors only. Prerequisite: Education 301. Each semester.

430. Tests and Measurements in Secondary Schools. Two hours.  
Prerequisite: 80 hours' credit. Elective course for high school teachers. Second semester.

450. Directed Teaching in First Teaching Field. Three hours.  
Required Course. Seniors only. Prerequisite: Education 310, 320; must be preceded or accompanied by Education 340. Each semester.

460. Philosophy of Education. Two hours.  
Elective course. Seniors only. Second semester.

## ENGLISH

101 and 102. Freshman English Composition.\* Three hours, two semesters.

English 101 and English 102 constitute a course in prose writing, consisting of a review of usage and a study of the principles of structure and style. The aim of the course is, by systematic study and drill, to establish the practice of correct and satisfactory expression. All exercises and themes are subjected to detailed criticism.

Prerequisite: Four units of high school English.

103. Oral and Written English.† Five hours.  
Prerequisite: Four units of high school English.

Note: At the end of two weeks in English 101 or 103 students who, on account of insufficient knowledge of syntax and inflection, are not qualified to continue the course successfully are placed in English E. Any student who, at any time, in English 101 or 102 or 103, shows

marked deficiency in elementary matters may be transferred to English E for such time as may be necessary to make up the deficiency. If at any time later in his college course a student is reported deficient or careless in English composition, he may be required to take additional work in the subject.

**E. Syntax and Inflection.** No college credit.

A student once assigned to this course must have a passing grade in it before he resumes college English.

**215. Exposition.**† Two hours.

Systematic exercises in expository writing. Not open to freshmen.

Prerequisite: English 103, or 101 and 102.

**321. Old English.** Three hours.

The elements of Old English; an introduction to the literature of the Old English period.

Prerequisites: English 103 and 215, or English 101 and 102.

**322. Middle English.** Three hours.

Language developments; selections representative of developments in Middle English literature.

Prerequisites: English 103 and 215, or English 101 and 102.

**323. The Informal Essay.** Two hours.

Reading and study of typical familiar essays to observe technique and theme. Practice in writing essays.

Prerequisites: English 103 and 215, or English 101 and 102.

**325. Shakespeare.** Three hours.

A critical study of *King Lear*, *Macbeth*, and *The Tempest*.

Prerequisites: English 103 and 215, or English 101 and 102.

**327. The Short Story.** Three hours.

Reading and study of typical short stories to observe the technical methods of short story writers and the themes embodied in magazine fiction. Practice in writing short stories.

Prerequisites: English 103 and 215, or English 101 and 102.

**405. Study of the English Language.** Three hours.

Prerequisites: English 103 and 215, or English 101 and 102, English 321 or English 322 being strongly recommended.

---

\*Required in the College of Arts and Sciences.

†Required in Teachers College.

## FRENCH

**121. First Year French.** Four hours.

Essentials of grammar, phonetics, reading.

122. First Year French. Four hours.

Continuation of French 121.

223. Modern French Fiction Since 1800. Three hours.

Prerequisite: French 122 or two units of high school French.

224. Modern French Drama (1830-1920). Three hours.

Prerequisite: French 223.

251. Advanced Grammar and Composition. Two hours.

Prerequisite: French 122 or two units of high school French.

252. Advanced Grammar and Composition. Two hours.

Prerequisite: French 251.

327. Seventeenth Century Literature. Three hours.

Prerequisite: French 224.

328. Seventeenth Century Literature. Three hours.

Continuation of French 327.

351. Phonetics and Oral French. Two hours.

Prerequisite: French 224 and Advanced Grammar.

352. Phonetics and Oral French. Three hours.

Prerequisite: French 351.

355. French Civilization and Culture. Two hours.

Not open to freshmen or sophomores. No knowledge of French required.

421. Teacher's Course. Two hours.

Material and methods for teaching French. Open to those who elect French as a first or second teaching subject.

425. Eighteenth Century Literature. Three hours.

Prerequisite: French 328.

426. Eighteenth Century Literature. Three hours.

Continuation of French 425.

431. Poetry of the Nineteenth Century. Two hours.

Prerequisite: French 328.

437. Romantic Drama. Three hours.

Prerequisite: French 328.

438. Romantic Drama. Three hours.

Continuation of French 437.

441. General Outline of French Literature. Two hours.

Prerequisite: French 328.

### GEOGRAPHY AND GEOLOGY

100. Principles of Geography. Three hours.

Principles of geography, including a study of the various climatic types and physical regions of the various continents.

105. General Economic Geography. Three hours.

A study of the resources, industries, markets and trade centers of the United States and of West Virginia. The industrial personality of the leading nations is emphasized.

109. Advanced Psysiography. Three hours.

A study of the physiographic regions of the United States and their influences, and the elements of climate and oceanography. Field and laboratory studies.

205. Economic Geography of North America. Two hours.

Required for Standard Normal students.

Prerequisite: Three hours credit in geography.

206. Economic Geography of West Virginia. Two hours.

A study of the industrial development of the State as controlled by geographic influences. Current geography in relation to trade and industrial conditions.

210. General Geology. Four hours.

A general survey of physical and historical geology. Field and laboratory work.

Prerequisite: Geography 109 or sophomore standing.

302. Economic Geography of Europe. Three hours.

A study of the principal geographic regions of Europe, with a study of the surface, climate, and other factors of physical environment in relation to human activities and to present economic and political problems.

Prerequisite: Three hours of geography or European history.

309. Economic Geography of Latin-America. Three hours.

A regional study of Latin-America as based upon natural conditions with a summary of the economic resources of each region and their utilization. A study of geographic factors in the trade between the various regions and the United States and the rest of the world.

Prerequisite: Three hours of geography.

401. Geographic Factors. Three hours.

A study of geographic conditions which have influenced the discovery, exploration, and colonization of America, the western movement of

population, expansion of territory, the Civil War, the distribution of immigrants, cities, and industries. A comparison of geographic with non-geographic factors.

Prerequisite: Three hours of geography or American history.

**405. Political Geography. Three hours.**

A study of relationships between man's political activities and his geographic environment. A study of the main facts of geography of the leading nations of the world. Open to advanced students in geography, history, or political science.

### GERMAN

**101. Beginners' Course. Four hours.**

Pronunciation, grammar, reading, dictation, speaking, and writing.

**102. Beginners' Course. Four hours.**

Reading, dictation, and elementary composition.

Prerequisite: German 101 or one unit high school German.

**201. Modern Authors and Composition. Four hours.**

Readings selected from the German novel and the short story of the nineteenth century. Practice in reading German print and script as an exercise in pronunciation. Grammar.

Prerequisites: German 101 and 102 or two units of high school German.

**202. Classical Authors and Composition. Four hours.**

Reading of the more pretentious classics, with emphasis on the German idiom. Conversation and composition based on advanced grammar.

Prerequisites: German 201 or three units of high school German.

**213 and 214. Scientific German. One hour, two semesters.**

**221 and 222. Commercial German. Two hours, two semesters.**

**301 and 302. Advanced Classics and Composition. Three hours, two semesters.**

Readings varied; composition and conversation strongly emphasized.

**311 and 312. Synonyms, Antonyms, Advanced Grammar and Composition. Two hours, two semesters.**

### GREEK

**201 and 202. Beginners' Course. Five hours, two semesters.**

Beginners' book with some reading from the *Iliad*.

**301 and 302. Selections from Homer. Three hours, two semesters.**

Prerequisites: Greek 201 and 202.

## HISTORY

**105. English History. Three hours.**

The political and legal history, with sufficient attention to social and economic conditions to furnish a background, of England from the earliest times to the restoration of Charles II in 1660.

**106. English History. Three hours.**

A continuation of the preceding course. Special emphasis is placed on Anglo-American relations and the development of the British Commonwealth of Nations.

**121. Ancient and Mediaeval Civilization. Three hours.**

General survey of the events, institutions, conditions, and forces that developed early European civilization.

**205. Social and Industrial History of England. Three hours.**

A careful study will be made of the labor, industrial, and social conditions of England. The growth of the "Factory System," and other economic and social problems will be considered. Not open to freshmen.

**206. Social and Industrial History of the United States. Three hours.**

The current social and industrial conditions within the United States will be traced from their beginnings. Some topics are as follows: the natural resources; the influence of cheap land; effect of invention; the development of agriculture and manufacturing; and the contest between capital and labor. Not open to freshmen.

**207. West Virginia and the Trans-Allegheny Frontier. Two hours.**

A study of the social and industrial development of West Virginia; also the frontier life in the Trans-Allegheny region. Not open to freshmen.

**209. Hellenic Civilization. Three hours.**

A brief survey of the evolution of Greek civilization in the Aegean area, and its subsequent diffusion among other peoples.

**210. Roman Civilization. Three hours.**

A study of the development of Roman ideals and institutions and their influence, especially in the realm of law and government, on the civilization of modern times.

**215. American History. Three hours.**

Colonial Period (1492-1789). A survey of those forces that led to the discovery, exploration, and settlement of America, comparison of the institutions developed in the colonies and those of England, the ideals and philosophy of the Revolution, and the evolution and adoption of the Constitution.

**216. American History. Three hours.**

Nationalistic Period (1789-1865). The founding of the New Government by the Federalists; Jeffersonian democracy; rise of the "New West"; Jacksonian democracy; sectional controversies that precipitated the Civil War; triumph of Nationalism. Not open to freshmen.

**217. American History. Three hours.**

Recent Period (1865 to the present). A solution of acute domestic problems that arose as the aftermath of the Civil War; industrialism; imperialism; internationalism; development of National Government regulation; American participation in the World War, and the principal issues, domestic and foreign, arising therefrom. Not open to freshmen.

**221. Modern Europe (1492-1815). Three hours.**

A general survey of the period with emphasis upon the relationship of events and movements. Not open to freshmen.

**222. Modern Europe (1815-1928). Three hours.**

A continuation of 221.

**231 and 232. American History. Three hours.**

A survey course, two semesters. Organized to meet the needs of the Standard Normal students. Not open to other students.

**308. American History. Three hours.**

Social and Economic History of the South. Open to juniors and seniors.

**309. American History. Three hours.**

The History of the Frontier. Recommended as an elective to all majors in the social sciences in Teachers College. Open to juniors and seniors.

**310. Materials and Methods in the Social Sciences. Two hours.**

A survey of bibliography, materials, and problems for use in the junior and senior high schools. See Education 320.

**311. American History (1492-1789). Three hours.**

An intensive study of the colonial settlements and problems including a comparative study of the colonies and their institutions. Open to juniors and seniors.

**312. American History (1789-1865) Three hours.**

A continuation of History 311.

**321. American History. Two hours.**

Westward expansion (1748-1830). Exploration and settlement beyond the Allegheny Mountains; Indian and land problems; creation of new states and their attitude toward the Federal government; social, re-

ligious, educational and institutional development; influence of this section on the life of the nation.

**322. American History. Two hours.**

Westward expansion (1830-1890). Opening up of Texas, Oregon, and California; compromise of 1850; building of the Union Pacific Railroad; credit Mobilier; development of mining, cattle-raising, and grain-growing; money and transportation problems.

**331. American History. Two hours.**

The "Old South" (1740-1830). Settlement of the upland country and the river valleys; rivalry between the tidewater region and the hinterland; religious awakening; ideals of this section in the American Revolution; achievements of the "Virginia dynasty"; agrarian revolution.

**332. American History. Two hours.**

The "Lower South" (1830-1860). Character of the settlers; racial elements; social and economic development; attitude toward tariff question, public domain, U. S. Bank, internal improvements, territorial expansion, and the slavery problem.

**350. American History. Three hours.**

American Diplomacy. The principles and policies guiding American diplomacy in its various stages of development, the methods commonly employed, and the personalities of leading American diplomats.

**421. The Era of the Renaissance and the Reformation. Three hours.**

The first part treats of the Italian City Republic, the revival of learning, art, and the church and her enemies. The second part emphasizes the Saxon Revolt and the Reformed Church movements.

**422. The French Revolution and the Napoleonic Era. Three hours.**

This is a study of the causes, principles, and achievements of the French Revolution, together with a survey of the background of democracy.

**423. European History. Three hours.**

Modern Europe (1815-1871). European development from the Congress of Vienna to the foundation of the German Empire at the close of the Franco-Prussian War.

**424. European History. Three hours.**

Modern Europe (1871 to the present time). The historical background, fundamental causes, and progressive development of events and issues involved in the World War.

**431. American History (1865-1928). Three hours.**

An intensive study of the social, economic, and political problems that grew out of the Civil War and the Reconstruction. Open to seniors only, except by special permission.

## HOME ECONOMICS

101. Household Arts for Grade Teachers. Three hours.

This course gives no credit on the home economics major.

104. Applied Art. Two hours.

Application of the fundamental principles of design to dress.

105. Applied Art. Two hours.

Application of the principles of design to the planning and furnishing of the home.

Prerequisite: Home Economics 104.

127. Textiles and Clothing. Three hours.

Development of textile industry from primitive times to the present; study of the important fibers and materials made from them; practice in weaving and textile testing.

202. Food, Selection and Preparation. Four hours.

The nature and uses of foods, their chemical composition, changes effected by heat, cold, or fermentation; principles of selection; processes of manufacture; combination.

203. Economic Uses of Food. Four hours.

Continuation of Course 202. Economic uses of food, marketing, fuels, preservation, meals.

227. Clothing Selection. Three hours.

The course provides instruction and practice in planning, designing, buying, cutting, fitting, and finishing of garments made from wash fabrics, woolens, sport silks.

Prerequisite: Home Economics 127.

239. Millinery. Two hours.

Hat construction, decoration, renovation, and selection.

240. History of Costume. Two hours.

Development of modern costume from historic sources.

250. Home Nursing and First Aid. Two hours.

Review of fundamentals of physiology, sanitation, and bacteriology. Care of sick under home conditions.

301. Dietetics. Four hours.

Diet, the relation of food to health; factors involved in the construction of dietaries.

Prerequisite: Home Economics 202 and 203.

303. Child Care. Two hours.

A study of the care of the infant and the pre-school child.

**329. Clothing Construction. Four hours.**

This course is planned for more advanced students in clothing. It provides special application of the principles of design, and construction of tailored garments, informal and formal designs.

Prerequisite: Home Economics 104, 127, 227.

**351. Home Architecture and Sanitation. Three hours.**

Situation, surrounding, and construction of the house, heating, lighting, ventilating, water supply, and drainage. Making skeleton plans.

**354. Home Decoration. Two hours.**

Theory of color and its application in home decoration; furnishings from a sanitary and artistic standpoint.

Prerequisite: Free-hand Drawing.

**358. Economics of the Household. Three hours.**

The theory and practice of budgeting, and the study of the economics of the household.

**401. Food and Nutrition. Four hours.**

Physiological, chemical, and bacteriological problems of food and nutrition.

Prerequisite: Home Economics 301.

**404. Diet in Disease. Two hours.**

Applications of dietetic principles to problems in diet in disease.

Prerequisite: Home Economics 301.

**405. Quantity Cookery. Three hours.**

Practice in food preparation and serving.

Laboratory work in Cafeteria.

**407. Cafeteria Management. Two hours.**

Administration, organization, and equipment of cafeteria and lunchroom. (2 lecture periods.)

**420. Mechanics of the Household. Three hours.**

A study of household equipment, its selection, and care.

**426. Home Management House. Two hours.**

Prerequisites: Home Economics 202, 203, 301, 358.

### JOURNALISM

**101-102. Survey of Journalism. Three hours, two semesters.**

A comparative study of American newspapers with particular emphasis upon the organization and scope of the press.

**201-202. Reporting. Three hours, two semesters.**

Fundamentals of reporting, news gathering and news writing. Particular attention is given to types of news stories suitable for high school and college papers and to reportorial management.

**205. High School Journalism. Two hours.**

One hour lecture and two hours laboratory each week. The course is designed for teachers of high school journalism.

**210. History of American Journalism. Two hours.**

The course deals with the establishment and development of the American press, starting with John Campbell's "Boston News Letter." Attention is given to the development of the political press.

**301-302. Copy Reading—Editing. Three hours, two semesters.**

Laboratory time is devoted to reading copy for the school paper. Attention is given to rewrites and condensation of copy. The building of headlines and the theory of style sheets are discussed.

**303. Feature Writing. Two hours.**

A study of special feature articles, particularly the type used in Sunday supplements of newspapers.

**304. Editorial Writing. Two hours.**

A study of the purpose, technique, and effect of editorials. Famous editorials are examined and students practice editorial writing.

**306-307. Advanced Reporting and Interviewing. Three hours, two semesters.**

The theory and practice of special news writings dealing with politics, conventions, speeches, the professions, and arts and sciences are studied.

**330. Newspaper Building. Two hours.\***

Open to staff members of student publications only, and two hours credit is given at the end of each semester to staff members of student publications who have done at least four hours practical work each week throughout the semester, or its equivalent.

---

\*May be repeated to total credit of not to exceed 8 hours.

## LATIN

**111. Beginner's Course. Five hours.**

(Caesar or equivalent.)

**112. Intermediate Course. Five hours.**

Latin 111 and 112 are intended primarily for those whose interest is in English or the modern languages; also for those preparing for the study of law or medicine.

Prerequisites: Latin 111 or one year high school Latin.

**203. Cicero: Selected Orations. Three hours.**

Prerequisites: Latin 111 and 112 or two years high school Latin.

204. **Selections from Cicero and Sallust.** Three hours.

Prerequisites: Latin 111 and 112 or two and one-half units high school Latin.

216. **Vergil's Aenid, 1-VI.** Four hours.

Prerequisite: Three units of high school Latin.

236. **Roman Life.** Two hours.

Illustrated by lantern slides and photographs. No knowledge of Latin required.

307. **Cicero: Selections from his Letters.** Three hours.

Prerequisite: Four units high school Latin.

308. **Horace: Odes and Epodes.** Three hours.

Horace as an exponent of his age.

Prerequisite: Four units high school Latin.

309. **Livy: Selections from Books I, XXI, XXII.** Three hours.

Prerequisite: Four units high school Latin.

310. **Horace: Satires and Epistles.** Three hours.

Horace, the man, the satirist and philosopher.

311. **Studies from Augustan Poetry.** Three hours.

Selection from the Augustan poets.

320. **History of Latin Literature.** Two hours.

328. **Advanced Prose Composition.** Two hours.

401. **Juvenal, Martial, and Pliny.** Three hours.

The social life at Rome at the close of the first century.

402. **Vergil's Aenid, Books VI-XII.** Three hours.

A study of the poem as a whole with careful reading of the last six books.

Prerequisites: One year college Latin or four units high school Latin.

403. **The Roman Stage.** Three hours.

Selected comedies of Plautus and Terence.

430. **Materials and Methods for Teaching Latin.** Two hours.

See Education 320.

#### LIBRARY SCIENCE

101. **General Course.** One hour.

A course in the organization of the small school library.

## LITERATURE

101. English Literature\*. Two hours.

The age of Elizabeth and a study of the temper of the 17th century.

102. English Literature\*. Two hours.

The age of Wordsworth, principally devoted to a study of *Tintern Abbey*, *Ode on Immortality*, and to Shelley's *Adonais*.

\*Required in the College of Arts and Sciences.

201. American Literature. Two hours.

A study of the chief American poets.

202. American Literature. Two hours.

A study of the chief American prose writers.

203. Child Literature. Two hours.

Principles of selection, a reading course.

204. British Poetry of the 19th Century. Two hours.

From Wordsworth to Swinburne.

207. Survey of English Literature. Two hours.

From Beowulf to Pope.

208. Survey of English Literature. Two hours.

From Pope to Swinburne.

Prerequisite: Literature 207.

223. Survey of American Literature. Three hours.

300. English Literature. Two hours.

The age of Queen Anne and a study of the return to Romanticism.

301. Shakespeare. Three hours.

A study of *Hamlet*, *As You Like It*, *Othello*, and *Winter's Tale*.

302. Elizabethan Dramatists. Two hours.

Dramas selected from Marlowe, Jonson, Beaumont and Fletcher.

303. Wordsworth and Shelley. Two hours.

A study of *Prelude* and *Prometheus Unbound*.

305. Tennyson. Two hours.

306. Browning. Two hours.

307. Eighteenth Century English Prose. Three hours.

From Defoe to Boswell.

308. English Poetry (1660-1798). Three hours.
309. The Pre-Raphaelite Poets. Two hours.  
Poetry of Swinburne, Morris, and Rossetti.
310. Milton. Three hours.  
Special attention to *Paradise Lost*.
311. Carlyle. Three hours.  
Special attention will be given to *Sartor Resartus*; also a study of some typical essays and his political economy.
312. Chaucer. Three hours.  
*Canterbury Tales* and Chaucerian Grammar.
313. Chaucer. Three hours.  
Minor poems, especially *Hous of Fame* and *Parlement of Foules*, with rapid reading of additional *Canterbury Tales*. Chaucerian grammar.
315. Great Essays. Two hours.
316. Contemporary Writers, English and American. Two hours.
317. The Development of the Novel. Two hours.
400. Songs and Sonnets of the Elizabethan Age. Two hours.  
For seniors.  
Prerequisites: 101, 301, and 302.
402. World Literature. Three hours.  
Selections from the literatures of great nations, ancient and modern.
403. Lyric Poetry, English and American. Two hours.
404. Keats and Byron. Two hours.  
For juniors and seniors.

## MATHEMATICS

101. Business Administration and Arithmetic. Two hours.  
Required for teachers of mathematics.
120. Algebra. Four hours.  
Topics of elementary algebra reviewed in addition to the work of advanced algebra.
121. Solid Geometry. Three hours.  
Open to students not offering the subject for entrance.  
Prerequisite: Plane Geometry one unit.

122. Trigonometry. Four hours.

Prerequisite: Algebra one unit; Geometry one unit.

126. Trigonometry. Three hours.

First semester. Engineering students take this course in connection with Mathematics 127.

Prerequisite: Algebra  $1\frac{1}{2}$  units; Geometry  $1\frac{1}{2}$  units.

127. College Algebra. Three hours.

First semester. Engineering students take this course in connection with Mathematics 126.

Prerequisite: Algebra  $1\frac{1}{2}$  units; Geometry  $1\frac{1}{2}$  units.

217. College Algebra. Three hours.

Required for students who elect Mathematics for a teaching subject.

Prerequisite: Algebra one unit; Geometry one unit.

223. College Algebra. Four hours.

Prerequisite: Algebra  $1\frac{1}{2}$  units; Geometry one unit.

224. Analytic Geometry. Four hours.

Prerequisite: College Algebra and Trigonometry.

315. Calculus (Differential). Three hours.

First semester. Attendance at one hour of conference required in addition to the three hours.

Prerequisite: Analytic Geometry.

316. Calculus (Integral). Three hours.

Second semester. Attendance at one hour of conference required in addition to the three hours.

Prerequisite: Mathematics 315.

325. Differential Calculus. Four hours.

Prerequisite: Analytic Geometry.

326. Integral Calculus. Four hours.

Prerequisite: Mathematics 325.

351. Teaching Mathematics. Two hours.

Prerequisite: Twelve hours of College mathematics.

425. History of Mathematics. Three hours.

Prerequisite: Twelve hours of College mathematics.

431. Theory of Equations. Four hours.

Prerequisite: Mathematics 325.

435. Differential Equations. Four hours.

Prerequisite: Mathematics 326.

441. **Theory of Numbers.** Three hours.  
Prerequisite: Mathematics 431.

## PHILOSOPHY

201. **Introduction to Philosophy.** Three hours.

An introduction to the methods and chief problems of philosophy through a reading of some of the easier philosophical classics. Recommended as a prerequisite to further study in philosophy. Not open to freshmen.

202. **Logic.** Three hours.

A study of the nature of knowledge, the laws of reasoning, and the principles and methods of scientific proof. Recommended for pre-legal students. Not open to freshmen.

203. **Ethics.** Three hours.

The nature of right and wrong, the conditions of happiness, and the chief moral problems of human conduct. Not open to freshmen.

301. **History of Ancient and Medieval Philosophy.** Three hours.

A study of the origin and development of the fundamental problems of philosophy.

Prerequisite: Three hours in philosophy.

302. **History of Modern Philosophy.** Three hours.

Continuation of 301; a study of the chief philosophers of the modern period, from Descartes to Hegel.

Prerequisite: Three hours in philosophy.

304. **Contemporary Philosophy.** Three hours.

Continental, English, and American philosophies since the year 1860, with special attention to current issues.

Prerequisite: Six hours in philosophy.

306. **Aesthetics.** Three hours.

A psychological and philosophical study of the nature of beauty, and a consideration of the major problems connected therewith.

Prerequisite: Three hours of psychology or art or music.

320. **Comparative Religion.** Three hours.

A study of the development of religion, and of the principal non-Christian religions, primitive, national, and advanced.

401. **Modern Thought.** Three hours.

A survey of the intellectual background of the modern age, in its philosophical, religious, social, and political aspects, in the light of the development of thought since the medieval world.

Prerequisite: Six hours of philosophy, including Philosophy 302.

**410. The Philosophy of Plato. Three hours.**

A reading and discussion of the principal dialogs of Plato with a view to understanding the spirit and teachings of two of the world's greatest philosophers, Socrates and Plato.

Prerequisite: Nine hours of philosophy, including Philosophy 301.

**PHYSICAL EDUCATION****101 and 102. General Course. One hour, two semesters.**

Three hours a week required of all freshmen. Calisthenics, apparatus, games and swimming.

**201 and 202. Advanced Practice. One hour, two semesters.**

Two hours a week. Continuation of 101 and 102, with more advanced work in apparatus, games, swimming with practice in leadership.

**203. Teaching of Physical Education. One hour.**

For elementary teachers.

Prerequisite: Physical Education 101 and 102.

**204. Teaching of Physical Education. One hour.**

Practice teaching for elementary teachers.

Prerequisites: Physical Education 101 and 102.

**211. Care and Construction of Equipment. One hour.**

Instruction in selection, care, and construction of gymnasium and playground equipment.

**221. Health Education. Two hours.**

Health education from the standpoint of the teacher. Material and methods for health teaching.

**222. Athletic Training. Two hours.**

Theory and practice in care and prevention of athletic injuries, first aid, training suggestion, etc.

**226. History of Physical Education. Two hours.**

Study of the history and progress of physical education and its part in the educational program.

**301 and 302. Advanced Practice. One hour, two semesters.**

Two hours a week. A continuation of 201 and 202.

**303 and 304. Natural Dancing (Women). One hour, two semesters.**

Two hours a week. Presentation of types of dancing based on free and natural movements.

Prerequisite: Physical Education 101 and 102.

**310. Organization and Administration. Two hours.**

Methods in organization and administration of physical education pro-

grams, intramural and varsity athletic programs, field days, contests, etc.

**311. Teaching of Physical Education. One hour.**

For secondary teachers.

Prerequisites: Physical Education 101 and 102.

**312. Teaching of Physical Education. One hour.**

Practice teaching for secondary teachers.

Prerequisites: Physical Education 101 and 102.

**323. Athletic Coaching (Men). Two hours.**

Theory and practice of coaching football, basket ball, baseball, and track.

**323. Athletic Coaching (Women). Two hours.**

Stunts, tumbling, and contests.

**324. Intramural and Minor Sports. Two hours.**

Theory and practice in coaching.

**421. Medical Gymnastics. Three hours.**

Theory and practice in correcting postural malformations.

Prerequisites: Physical Education 422 and Anatomy.

**422. Kinesiology. Three hours.**

The science of muscular movements and mechanics.

Prerequisite: Anatomy.

**424. Diagnosis and Anthropometry. Two hours.**

Theory and practice in body measurements and diagnosis. Practice in physical examinations.

Prerequisite: Physical Education 421.

Each student upon entering college receives a medical and physical examination. Any student unable to take regular practical work will be given corrective exercise adapted to the individual needs.

All students asking to be excused from Physical Education will be referred to the College Physician. On his recommendation these students will be enrolled for remedial and corrective work.

Swimming is a part of the required freshman work. It is the aim of the Physical Education department that each student entering Marshall College learn to swim.

## PHYSICS

**102. Household Physics. Four hours.**

Primarily for Home Economics students, and consists of lectures, demonstrations, and recitations. There is no laboratory work; this part of

the course is taught by means of the demonstrations.

Prerequisites: A knowledge of the fundamentals of high school algebra and geometry. High school physics will be found of value, but is not required.

**201. General Physics.** Three hours, first semester.

Mechanics and heat are studied. Arranged primarily for pre-medical students, and for those who have had little or no preparation in mathematics beyond that mentioned as pre-requisite.

Prerequisites: One year each of algebra and geometry.

**202. General Physics Laboratory.** Two hours, first semester.

This course accompanies and is required of all students who take Physics 201. There are two laboratory periods per week.

Prerequisites: One year each of algebra and geometry.

**203. General Physics.** Three hours, second semester.

Electricity, sound, and light are studied. A continuation of Physics 201.

Prerequisites: Physics 201 and 202, or their equivalents.

**204. General Physics Laboratory.** Two hours, second semester.

This course accompanies and is required of all students who take Physics 203. It is a continuation of Physics 202. There are two laboratory periods per week.

Prerequisites: Physics 201 and 202, or their equivalents.

**205. General Physics.** Three hours, first semester.

Mechanics and heat are studied. Arranged primarily for engineering students, and for those who have had at least plane trigonometry.

Prerequisite: Plane trigonometry.

**206. General Physics Laboratory.** Two hours, first semester.

This course accompanies and is required of all students who take Physics 205.

Prerequisite: Plane trigonometry.

**207. General Physics.** Three hours, second semester.

Electricity, sound, and light are studied. This course is a continuation of Physics 205.

Prerequisites: Physics 205 and 206, or their equivalents.

**208. General Physics Laboratory.** Two hours, second semester.

This course accompanies and is required of all students who take Physics 207. It is a continuation of Physics 206. There are two laboratory periods per week.

Prerequisites: Physics 205 and 206, or their equivalents.

**209. Elements of Mechanics.** Three hours, first semester.

This course involves principles of both statics and dynamics with the solution of many practical problems.

Prerequisite: Plane trigonometry and college algebra.

**210. Mechanics Laboratory.** Two hours, first semester.

This course accompanies and is required of all students who take Physics 209. There are two laboratory periods per week.

Prerequisite: Plane trigonometry and college algebra.

**211. Heat.** Three hours, second semester.

The course deals with heat as energy and the processes and effects involved in the production, distribution, and utilization of this energy. Many practical problems are solved.

Prerequisites: Physics 206 and 206, or 201 and 202, or 209 and 210, or their equivalents.

**212. Heat Measurements.** Two hours, second semester.

This course accompanies and is required of all students who take Physics 211. There are two laboratory periods per week.

Prerequisites: Physics 205 and 206, or 201 and 202, or 209 and 210, or their equivalents.

**250. Engineering Problems.** One hour.

An elementary course in the analysis of simple engineering problems and the application of mathematics to their solution. To train the student in recording engineering computations in clear and systematic form. Two hours laboratory.

Prerequisite: Mathematics 126, 127; Art 110.

**251. Engineering Problems.** One hour.

Continuation of Physics 250. Two hours laboratory.

**300. Electricity and Magnetism.** Two hours, first semester.

The course involves the theory and practical applications of electricity and magnetism. Many practical problems are solved.

Prerequisites: Physics 207 and 208, or 203 and 204, or 211 and 212, or their equivalents.

**301. Electrical Measurements.** Two hours, first semester.

This laboratory course accompanies and is required of all students who take Physics 300.

Prerequisites: Physics 207 and 208, or 203 and 204, or 211 and 212, or their equivalents.

**302. Electricity and Magnetism.** Two hours, second semester.

The theory and practical applications of electricity and magnetism, including both direct and alternating current machinery. This course is a continuation of Physics 300. Many practical problems are solved.

Prerequisites: Physics 300 and 301, or their equivalents.

**303. Electrical Measurements.** Two hours, second semester.

This laboratory course accompanies and is required of all students who take Physics 302. It is a continuation of Physics 301.

Prerequisites: Physics 300 and 301, or their equivalents.

**304. Light. Three hours.**

This course is arranged primarily for students in medicine, biology, and chemistry.

Prerequisites: Physics 207 and 208, or 203 and 204 and Trigonometry, or 302 and 303, or their equivalents.

**305. Light Laboratory. One hour.**

This course accompanies, and is required of all students who take Physics 304. There is one laboratory period per week.

Prerequisites: Physics 207 and 208, or 203 and 204 and Trigonometry, or 302 and 303, or their equivalents.

**306. Mechanics (Statics). Three hours.**

Prerequisites. Differential calculus and registration in integral calculus.

**POLITICAL SCIENCE****101. Introductory Course. Two hours.**

An orientation study of principles, methods and nature of political science.

**102. Introductory Course. Two hours.**

A continuation of 101 although students are admitted who have not had 101.

**201. American Government and Politics. Three hours.**

Course deals with history, development, powers, limitations, and practical working of our national government.

**202. American Government and Politics. Three hours.**

A continuation of 201 dealing with state and local government. Courses 201 and 202 are prerequisites to advanced courses in political science.

**204. Comparative European Governments. Three hours.**

A study of the political systems of principal countries of Europe.

**223. Public Administration. Three hours.**

A comparative study of administration in the United States and leading states of Europe.

**224. Political Parties. Three hours.**

Origin, history, composition, organization, policies, functions, and activities of political parties in the United States.

**301. Municipal Government. Three hours.**

History, development, problems, machinery, and forms of city government in the United States and Europe.

**302. Municipal Administration. Three hours.**

A continuation of 301 dealing with the functions of the city.

**323. American Constitutional Law. Three hours.**

Analysis and discussion of the leading cases interpreting the Federal Constitution.

**324. Introduction to Jurisprudence. Three hours.**

A study of the nature, sources, and development of law.

**401. International Law. Three hours.**

Deals with the origin, sources, subjects, and objects of international law.

**402. International Relations and World Politics. Three hours.**

A study of the nature, principles, and problems of relations between states, together with agencies of control.

**425. History of Political Theory. Three hours.**

Survey of ancient, medieval, and modern political thought.

**426. Recent and Contemporary Political Theory. Three hours.**

Deals with contemporary political theories as pluralism, socialism, guild socialism, syndicalism, etc.

**427. American Political Theory. Three hours.**

Development of political thought in America from colonial times to the present.

**450. Seminar. Two hours.**

Research study for major students only.

## PSYCHOLOGY

**101. Elementary Psychology. Four hours.**

This is an introductory course and is prerequisite to all subsequent courses in psychology. It will deal with the principles of general psychology, including such topics as sensation, instinct, emotion, memory, attention, imagination, and the fundamental learning processes. Recommended for all pre-medical students.

**105. Orientation Course. Three hours.**

This course is intended to teach the student the application of the laws of economical learning. Especially recommended for students who desire training in better methods of study. A part of the course will be devoted to vocational guidance. Open to freshmen only, except by special permission or recommendation.

**201. Mental Measurements. Three hours.**

Technique and practice in the use of the Binet-Simon Intelligence

Test, together with a study of various other scales of mental measurement, including both individual and group tests, and their application to practical use. Not open to students who have had Psychology 202.

Prerequisite: Psychology 101 or 305.

**207. Psychology of Emotion. Two hours.**

A study of the theories of emotion, its origin, and relation to instinct and feeling; its importance in human behavior and its function in life. Recommended for students in public speaking and dramatics.

Prerequisite: Psychology 101 or 305.

**208. Abnormal Psychology. Three hours.**

A consideration of abnormal mental phenomena and unusual manifestations of the mind. Topics: sleep, dreams, multiple personality, hypnosis, automatic writing, hysteria, hallucinations, the complex, and other disorders of the personality. Recommended for pre-medical students.

Prerequisite: Psychology 101 or 305.

**302. Social Psychology. Three hours.**

A consideration of instinct as a basis of human behavior, and a study of emotion, habits, motives, crowd psychology, customs, and other phenomena in relation to human conduct.

Prerequisite: Psychology 101 or 305.

**303. The Problem Child. Three hours.**

An analysis of the types of children that constitute the problems in the school, the home, and in society in general, including the dull or backward child, the mentally deficient, the psychopath, and the nervous child. A consideration of the training and treatment of mental defectives, together with a study of the causes and consequences of feeble-mindedness and delinquency. Recommended for teachers and social workers.

Prerequisite: Six hours of Psychology. Social work or teaching experience may be counted as part prerequisite by consent of instructor.

**304. Clinical Psychology. Two hours.**

A practical laboratory study of diagnostic mental tests and their application and use in mental deviations. An advanced study and application of the Binet-Simon Scale, and an intensive training and practice in case study and diagnosis, together with training in the preparation of clinical reports. One lecture and one two-hour laboratory period a week.

Prerequisite: Psychology 101 or 305, and 201.

**305. General Psychology. Three hours.**

Intended for advanced students who have not had Psychology 101. The conditions and nature of mental activity and the fundamental principles of psychology and its relation to other subjects.

**307. Psychology of Adolescence. Three hours.**

A consideration of the outstanding characteristics of the boy and girl

during the adolescent period, including the educational and social problems peculiar to this period. The course is intended primarily for teachers and social workers.

Prerequisite: Psychology 101 or 305.

**406. Theory of Intelligence. Three hours.**

A consideration of the nature of intelligence; individual differences; mental levels; distribution and growth of intelligence; mental age; relation of intelligence to social efficiency.

Prerequisite: Six hours of psychology.

**411. Genetic Psychology. Three hours.**

This course traces the genetic rise of mind, and deals with the origin of the more important factors of mental growth, its developments and significance.

Prerequisite: Six hours of psychology. Social work or teaching experience may count as part prerequisite by permission of instructor.

### PUBLIC SCHOOL MUSIC

**100. Introduction to Music. Two hours.**

Rudiments of music, use of the singing voice, ear training, music appreciation.

Prerequisite: Ability to carry a tune.

**110. Ear Training. Two hours, first semester.**

Melodic and rhythmic types; chord color, chords in key, roots of chords; simple song analysis.

**112. Ear Training and Sight Singing. Three hours.**

Chord inversion; simple form analysis; melody writing; modulation; two-part dictation; sight reading involving these problems.

Prerequisite: Music 110.

**120. Harmony. Two hours.**

Intervals, scales and harmonization of melodies with primary triads.

Prerequisite: Music 100 or equivalent.

**121. Harmony. Two hours.**

Harmonization of melodies with triads, seventh and ninth chords and their inversions. Transposition.

Prerequisite: Music 120 or equivalent.

**132. Appreciation. One hour.**

A course for all students. An opportunity is given to hear all sorts of music, to talk about it and to enjoy it. Meets twice a week with no assigned work.

**161. Band and Orchestral Instruments. Two hours.**

Study of the technique of the band and orchestral instruments with

attention to the process of the proper development of good tone-production.

**162. Band and Orchestral Instruments. Two hours.**

Continuation of Music 160, studying either an additional instrument or completing the section studied in Music 161.

**200. Ear Training and Sight Singing. Three hours.**

Advanced work, including part-singing; three-part dictation; harmonic analysis.

Prerequisite: Music 112.

**201. Ear Training and Sight Singing. Three hours.**

Part-singing; four-part dictation.

Prerequisite: Music 200.

**207. Ensemble Singing. One-half hour.\***

Singing of good part-music; presentation of programs; staging operas.

Prerequisite: Ability to read music; admission by voice try-out.

**208. Ensemble Playing, Band or Orchestra. One-half hour.\***

Membership dependent upon recommendation of the director.

**210. Advanced Harmony. One hour.**

Harmonization of melodies introducing all harmonies, suspensions, passing-tones and chromatic alterations.

Prerequisite: Music 121 or equivalent.

**211. Advanced Harmony. One hour.**

Modulations. Figured basses and figured chorales.

Prerequisite: Music 210 or equivalent.

**220. History of Music. Two hours.**

A study of music and musicians from the earliest available records to the eighteenth century. Open to all students.

**221. History of Music. Two hours.**

A study of music and musicians from the eighteenth century on.

**234. Appreciation. One hour.**

Of same nature as Music 132. Open to all students.

**262. Band and Orchestral Instruments. Two hours.**

The study of the more difficult orchestral instruments in general use, with attention given to the strings.

**263. Band and Orchestral Instruments. Two hours.**

Completion of the study of the generally used band and orchestral instruments.

\*May be repeated following semesters to a total credit of two hours.

270. Public School Music Methods. (Grades 1-4). Two hours.

For Standard Normal Students.

Prerequisite: Music 100.

271. Public School Music Methods. (Grades 1-4). Two hours.

For Standard Normal Students.

Prerequisite: Music 100.

301. Analysis. One hour.

302. Analysis. One hour.

312. Voice Training. Two hours.

Study of the principles of correct singing and interpretation; application of these principles.

Prerequisite: Music 100 or 110 or 207.

313. Voice Training. Two hours.

Prerequisite: Music 312.

316. Keyboard Harmony. One hour.

Practical application of harmonic knowledge. Modulation to nearly related keys following either thematic or rhythmic pattern.

Prerequisite: Music 211 or equivalent.

317. Advanced Keyboard Harmony. One hour.

Simple improvisations in strict form. Modulation to foreign keys following given thematic material.

Prerequisite: Music 316 or equivalent.

338. Materials and Methods in Public School Music. (Grades 1-4).

Two hours.

A survey of the various materials available and a discussion of their best use, with applications of principles advanced for teachers of music.

Prerequisite: Twelve hours of music.

339. Materials and Methods in Public School Music. (Grades 5-8).

Similar to Music 338 for teachers of music.

Prerequisite: Twelve hours of music.

340. Materials and Methods in Public School Music. (Junior and Senior High Schools). Two hours.

Similar to Music 338.

Prerequisite: Twelve hours of music.

350. Methods of Teaching Music Appreciation. Two hours.

A survey of Material available and a discussion and application of methods for this phase of music study.

Prerequisite: Four hours of music.

360. Musical Art (Appreciation). Two hours.  
Listening to music, with notation before the student, and studying its content in detail.  
Prerequisite: Four hours of music.
371. Materials for Band and Orchestra. One hour.  
Study of the repertoire of bands and orchestras from the beginning stages through the grammar school. Attention to program planning.
372. Materials for Band and Orchestra. One hour.  
Study of the repertoire for high school bands and orchestras.  
Prerequisite. Music 371.
381. Elementary Counterpoint. One hour.  
Study of the different species of Counterpoint in two parts.
382. Counterpoint. One hour.  
Various species of Counterpoint in three and four parts.
400. Esthetics of Music. Two hours.  
A discussion of the methods of esthetics as applied to musical taste.  
Open only to juniors and seniors.
450. Directed Teaching of Music. Three hours.  
Observation and teaching in the Training School of the College.  
Prerequisite: Music 338, 339.
460. Musical Art. Two hours.  
Similar to Music 360.
470. Principles of Music Teaching. Two hours.  
A survey of the field of music teaching.  
Prerequisite: Twenty hours of music.
480. Music Supervision. Two hours.  
A study of the problems of supervision.  
Prerequisite: Twenty hours of music.

#### SOCIOLOGY

100. Introductory Course. Two hours.  
A general introduction to the field of the social sciences in the nature of a survey of contemporaneous society.
102. Introductory Course. Two hours.  
A continuation of Course 100 with emphasis upon social processes, the development of human society, human nature and the social order.

**132. Rural Sociology. Two hours.**

An introduction to the general field of rural social life. It includes a consideration of the structure of rural society; rural social psychology; communication and socialization; rural organization; rural leadership, and the various rural social institutions.

**201. Outlines of Sociology. Three hours.**

A course designed to acquaint the student with the general principles underlying human association. It is basic to the further courses in both applied sociology and in social theory.

**210. Social Origins and Social Development. Three hours.**

A consideration of the origin and development of social institutions; the beginnings of race; the development of language, religion, the family, the State; also, customs, traditions, and beliefs.

Prerequisite: Sociology 201.

**225. West Virginia Rural Social Life Problems. Three hours.**

A consideration of local and state rural social problems. The development of country life conferences; community scoring and rating plans, school district organization policies; rural social survey work.

Prerequisite: Sociology 132.

**230. Community Organization. Two hours.**

The fundamental nature of the community and its place in modern social life. Development of social agencies in communities, elements of community planning, analysis of conflict and cooperative groups in the community.

Prerequisite: Sociology 201.

**302. Social Psychology. Three hours.**

See Psychology 302.

**308. The Family. Two hours.**

This course gives a treatment of the family as a social institution. It takes up the structure of the primitive family and its relation to early social organization, the changes occurring in family structure, the relations of the family to state, and economic and religious institutions.

Prerequisite: Sociology 201.

**311. Problems of Poverty. Three hours.**

A course in general social pathology. A treatment of the social problems arising out of sickness, old age, dependency, unemployment, the homeless, the destitute, and the generally ineffective members of society.

Prerequisite: Sociology 201.

**315. Problems of Delinquency. Two hours.**

The chief social backgrounds and problems of the young delinquent. This course is intended to assist in an understanding of the unadjusted and maladjusted boy and girl commonly called a problem.

Prerequisite: Sociology 311.

**320. Criminology. Three hours.**

A treatment of the individual and social factors in crime; the historical development of crime and theories concerning criminals. A study of the modern methods of the treatment of criminals.

Prerequisite: Sociology 311.

**341. Immigration and Americanization. Two hours.**

Causes, dangers, and policies of immigration. History of population movements to the United States. Emphasis will be given to the social and economic factors accompanying immigration, and to the problems of assimilation and Americanization.

Prerequisite: Sociology 201.

**421. History of Social Thought. Three hours.**

A study of the development of social thought from the earliest civilizations to the present times. The contributions of the ancient and mediaeval thinkers to the streams of social thought which gave rise to the science of sociology will be studied. Analysis will be made of the developments of modern sociology.

Prerequisites: Sociology 201, 311, and a course in psychology or philosophy.

**SPANISH****101. Beginners Course. Four hours.**

Grammar and easy prose.

**102. Intermediate Course. Four hours.**

Continuation of 101.

**201. Contemporary Prose. Three hours.**

Prerequisite: 102.

**202. Contemporary Drama. Three hours.**

Prerequisite: 102.

**203. Grammar and Composition. Two hours.**

Prerequisite: 102.

**204. Grammar and Composition. Two hours.**

Prerequisite: 102.

**301. Modern Literature. Three hours.**

Prerequisite: 201 or 202.

**302. Spanish-American Prose. Three hours.**

Prerequisite: 201 or 202.

**401. Classic Literature. Three hours.**

Prerequisite: 301.

**402. Spanish-American Literature. Three hours.**

Prerequisite: 302.

## SPEECH

101. Oral Reading and Informal Speech. Three hours.  
The basic speech course.

102. Speech Construction. Three hours.  
Prerequisite: Speech 101.

200. Oral Interpretation of Literature. Three hours.  
Prerequisite: Speech 101.

201. Advanced Address. Two hours.  
Prerequisite: Speech 102.

205. Argument. Two hours.

226. Intercollegiate Debate. Two hours.  
For members of the College Debate Squad only.

313. Play Production. Two hours.  
Emphasis on the physical and mechanical.

314. Direction and Rehearsal. Three hours.

315. Oratory. Two hours.

316. Play Writing. Two hours.

400. Scenic Design. Two hours.  
Prerequisite: Speech 313.

402. Current Problems. Two hours.  
A Seminar course for advanced students on topics of the hour.

## ZOOLOGY

101. Biological Nature Study. Three hours.  
Required in standard normal curriculum.

107. General Biology. Three hours.  
Two lecture periods and two hours of laboratory a week.

201. Comparative Anatomy. Three hours.  
A morphological study of vertebrated animals with emphasis on the comparison of gross structures of the different types. This is a companion course with that of minute comparative anatomy (histology).

203. Entomology. Three hours.  
A general study of insect life. It is the intention of this course to give

the essential facts concerning the taxonomy, life history, and anatomy of insects, also to make intensive studies of the destructive insects of the local fauna.

**205. Invertebrate Zoology. Four hours.**

A systematic study of the lowest forms of animal life, dealing with morphology, physiology, and ecology.

Prerequisite: General Biology, or its equivalent.

**206. Vertebrate Zoology. Four hours.**

A taxonomic study of the higher forms of animal life; a course dealing especially with the structure, functions, and life relations as determined by dissection and observation of fish, frog, and all types of chordates.

Prerequisite: General Biology.

**207. Ornithology. Two hours.**

A general study of birds as to their morphology, nesting habits, migrations, economic importance, esthetic values, etc. Some field studies are also required.

**300. Histology. Three hours.**

A course on minute comparative anatomy, including a careful employment of laboratory technique through the most approved modern methods of making permanently stained slides of tissues from vertebrates.

**301. Embryology. Three hours.**

The work of this course embraces studies of pre- and post-embryonic life, particularly of vertebrate animals. For the most part, the laboratory work is devoted to consecutive observations of embryos of the fish, frog, and especially of the process of incubation.

Prerequisite: General Zoology.

**305. Human Anatomy. Three hours.**

This course consists of morphological studies of the human body and is intended largely as preparatory work for advanced studies in medicine, hygiene, physical education (kinesiology), and other kindred subjects.

**306. Human Physiology. Three hours.**

A course confined to the studies of the human body in relation to its nutritive functions as determined through the text and laboratory experimentation on vertebrate animals.

Prerequisite: Zoology 305.

**307. Genetics. Three hours.**

A general introductory course in studies in heredity, evolution, and eugenics. A cultural and preparatory course for those wishing to pursue teaching, home making, practice of medicine and other related vocations.

Prerequisite: General Biology.

## MUSIC SCHOOL

MILDRED MACGEORGE, *Director*

This department offers instruction in the following subjects:

1. Piano.
2. Harmony.
3. History of Music.
4. Ear Training.
5. Theory of Music.

## PIANO

In piano three courses of study are offered, one leading to a teacher's certificate at the completion of the work of the junior year, and a second one leading to a diploma at the completion of the senior year. A post-graduate course is offered for those who wish to become especially proficient. Strict adherence to a fixed list of studies is not required. The needs of the individual student are considered and the studies varied accordingly, but in each class studies selected must be worked up to the tempo indicated by the metronome mark. Another course based on the Progressive Series of Piano Lessons will be given to those who desire to take it. This course, which includes Theory of Music, Harmony, History of Music, Piano Playing, and Interpretation, is edited by such men as Godowsky, Josef Hofmann, and Edgar Stillman Kelly.

For the sake of convenience the courses are divided into four years, but it should be understood that it does not necessarily follow that a student will complete the work in this length of time. As a matter of fact, it often takes considerably longer.

No student can register for credit who cannot acceptably do the work involved in Piano 201. To ascertain this a practical examination involving major and minor scales played with the accent of four, major arpeggios, and one composition of the degree of difficulty of Grade IV will be given, for example, Grieg's *Dance Caprice*, Schubert's *Allegro Moderato in F*, and Godard's *Au Matin*.

Two hours practice daily with two half-hour lessons a week required in Piano 201 and 202.

Three hours practice daily with two half-hour lessons a week required in Piano 301, 302, 401, 402.

Students registered for credit will be graded in the same way as are college students in general. The classification of a student is based on actual efficiency, not on the amount of time devoted to any grade.

*Preparatory Years*

Technical exercises. All major and minor scales. All triad arpeggios. Studies by Le Couppey, Burgmuller, Heller, Clementi's Sonatinas. Sonatas by Haydn. Miscellaneous compositions.

*Sophomore Year***201. First Semester. One hour.**

Technical exercises. All scales in similar and contrary motion. Major scales in tenths, sixths and thirds at tempo of M. M. 112, four notes in one beat. Six major and minor triad arpeggios at tempo of M. M. 112. Bach's Two Part Inventions. Sonatas by Haydn and Mozart. Miscellaneous compositions.

**202. Second Semester. One hour.**

Technical exercises. All major and minor scales in tenths, sixths and thirds at tempo of M. M. 120. Six more major and minor triad arpeggios at tempo of M. M. 120. Octavo exercises. Bach's Two and Three Part Inventions. The easier sonatas of Beethoven. Miscellaneous compositions.

*Junior Year***301. First Semester. One hour.**

Technical exercises. Major and minor scales with tenths, sixths and thirds at tempo of M. M. 132. All diminished seventh arpeggios and half of the dominant seventh arpeggios. Tempo of M. M. 132. Kullack's Octave Studies. Studies by Cramer. Sonatas by Weber and Beethoven. Compositions by Chopin, Schumann, Mendelssohn, etc.

**302. Second Semester. One hour.**

Technical exercises. All major and minor scales in tenths, sixths and thirds in contrary motion. Major and minor scales in similar motion at tempo of M. M. 136. All dominant seventh arpeggios at tempo of M. M. 136. Kullack's Octave studies. Studies by Jensen and Haberbier. Sonatas by Beethoven. Chopin's Nocturnes, Waltzes and Polonaises. Bach's Well Tempered Clavichord.

*Senior Year***401. First Semester. One hour.**

Technical exercises. Major and minor scales in tenths, sixths and thirds at tempo of M. M. 144. Major and minor scales in double thirds. Arpeggios with passing notes. Octave studies. Studies by Kessler, Henselt, Foote, MacDowell, Concertos by Weber, Mendelssohn, Beethoven, Schytte, etc.

**402. Second Semester. One hour.**

Technical exercises. All major and minor scales in tenths, sixths and thirds at tempo of M. M. 154. All major and minor scales in double thirds. Studies by Chopin and Debussy. Concertos by Beethoven, Schumann, Liszt, etc.

*Graduate Year*

Advanced technical exercises. Scales in double sixths. The greater sonatas of Beethoven. Bach's Chromatic Fantasia and Fugue. Studies by Chopin and Liszt. Chopin's Ballads, Scherzos and Polonaises. Concertos by Schumann, Liszt, Rubinstein, Brahms, etc.

## HARMONY

The course in Harmony covers two years. See Public School Music Courses.

## HISTORY OF MUSIC

Work in History of Music and Appreciation is begun at the opening of the fourth year and is required throughout the junior and senior years as a part of the course. The class recites twice a week during the junior year and once a week during the senior year.

The first year's work is a general survey of music and musicians from the ancient days up to and including modern times.

The second year's work deals in detail with the most important biographies of composers and the analysis of special forms of composition.

Text-book: Hamilton's *Outlines of Music History*. Also supplementary reading from the many valuable reference books in the library is required.

## THEORY OF MUSIC

Theory of music, including such subjects as Scale Building, Time Values, Meter, Phrases, Phrasing, Form, etc., will be given in class lessons, or, where that is not practicable, at the individual lesson.

## MUSIC REQUIREMENTS

All music students except those in the Preparatory Year are required to take one semester in Elementary Theory.

One semester's work in Ear Training and Public School Music 312 (Preparatory Harmony) are required before entering any class in Harmony. This work must be taken not later than the Sophomore music year. No student may graduate in piano without having first completed a high school course.

Elementary work in Harmony and in History of Music is required as a part of the work of the Sophomore Music year.

Candidates for Teachers' Certificates in Piano must complete the work of the first four years, together with one year's work in Harmony and one year's work in History of Music. They must be able to read music accurately at sight in reference to fingering, time, notes, phrasing, and expression. They must also be able to play at least one given piece studied without the aid of the instructor.

They must also give a recital from memory, with the assistance of one other musician.

Candidates for Diplomas must complete the work of the five years, and must take advanced work in Harmony, Theory and History of Music. They are also required to give in public, entirely from memory, a recital consisting of only the best standard piano selections as well as one composition studied without the aid of the instructor.

Sample programme for a Senior Recital:

Sonata, Op. 28.....	<i>Beethoven</i>
Cappriccio in B Minor.....	<i>Brahms</i>
Staccato Etude in C.....	<i>Rubinstein</i>
Berceuse .....	<i>Chopin</i>
The March Wind.....	<i>MacDowell</i>
Le Cathedrale Engloutie.....	<i>Debussy</i>
Scherzo in C Sharp Minor.....	<i>Chopin</i>
Dance of the Elves.....	<i>Sapellnikoff</i>
La Campanella .....	<i>Liszt</i>

### NOTES

**Fees:** All fees are payable in advance per semester or term, according to when the student enters.

No deductions are made for absences except in cases of illness lasting more than three weeks when a rebate of three-fourths the fee for the time lost will be granted. Students enrolling at any time previous to the third week of any semester will be charged the full fee for that semester. Students enrolling thereafter will be charged a proportionate amount of the full fee.

All students must secure registration cards from the Registrar's office before presenting themselves for enrollment in the School of Music. Teachers are not permitted to give instruction until receipt for payment of fees is presented.

Individual instruction in instrumental or vocal music may be taken by students not otherwise connected with the college.

**Equipment:** A new two-story brick building has this year been added to the equipment of the School of Music. It contains a well-lighted recital hall having a seating capacity of about two hundred people, and eight commodious rooms, three of which have been converted into attractive studios and the remainder into practice rooms. There are eight upright pianos, one Parlor Grand Steinway (a recent acquisition) and one clavier.

**Recitals:** Five faculty recitals, open to the public without charge, are given within the year, each recital being rendered by some member of the music faculty.

Student recitals, also open to the general public, are held at frequent intervals during the college year. All music students are required to attend both the faculty and the student recitals.

## VOICE

LOUISE FAY HAWORTH, *Instructor*

## COURSE OF STUDY

*First Year*

Placing of tones.

Studies from best English, French, and Italian composers.

English ballads.

Elements of Church Music.

*Second Year*

Studies from the best composers.

Songs by modern composers.

Church music.

*Third Year*

Studies from the best composers.

Oratorio and opera.

Songs by classical composers.
